### Message from the Guest Editors

Dear Colleagues,

This Special Issue of *Membranes* on “Membrane Distillation for Water Treatment and Recycling” aims to collect recent progress, breakthroughs, applications, challenges, and future directions of MD technology. Improvements in MD membranes and configurations are encouraged. We also welcome studies on membrane characterization, numerical model calculation/simulation, and technologies for the upscaling of MD, enabling wider utilization.

We look forward to receiving your contributions.

Prof. Dr. Jianfeng Li

Prof. Dr. Jun Wang

Prof. Dr. Kuichang Zuo

*Guest Editors*

Deadline for manuscript  
submissions:

**closed (30 October 2023)**

an Open Access Journal by MDPI

## Editor-in-Chief

**Prof. Dr. Spas D. Kolev**

School of Chemistry, The  
University of Melbourne,  
Melbourne, VIC 3010, Australia

## Message from the Editor-in-Chief

You are cordially invited to contribute a research article or a comprehensive review for consideration and publication in *Membranes* (ISSN 2077-0375).

*Membranes* is an international, peer-reviewed open access journal of membrane technology published monthly online by MDPI. The journal covers the broad aspects of the science and technology of both biological and non-biological membranes, including membrane dynamics and the preparation and characterization of membranes and their applications in water, environment, energy, and food industries. Articles contributing to better understanding of transport processes in all types of membranes are also welcome. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, CAPlus / SciFinder, Inspec, and other databases.

**Journal Rank:** JCR - Q2 (*Polymer Science*) / CiteScore - Q2 (*Chemical Engineering (miscellaneous)*)
