Message from the Guest Editor

Dear Colleagues,

This Special Issue will be a collection of "Feature Papers" that contain either cutting-edge research results or comprehensive reviews. The accepted papers will be published free of charge in the open access journal *MPs*. Authors will be the Editorial Board Members and the researchers invited by the Editorial Office on behalf of Editor-in-Chief.

Message from the Editor-in-Chief

Methods and Protocols (ISSN 2409-9279) is an open access journal devoted to the publication of new procedural approaches and cutting-edge methodological developments. The ultimate objective of this new forum of scientific communication is to provide researchers with an indispensable tool, enabling better use of the latest scientific technologies. With a broad and totally interdisciplinary focus, *Methods and Protocols* was established with the objective of facilitating cross-fertilization and cross-talk in the scientific arena. Methods and protocols in Life Sciences, Chemistry, Biomedical Sciences, Engineering, and in their intersections such as Biotechnology and Nanotechnology will constitute the core of the journal. However, we anticipate that other fundamental disciplines such as Physics or Geology will be rapidly incorporated.
