Message from the Guest Editors

Dear Colleagues,

We kindly invite you to submit papers in the field of metabolic disease such as diabetes and/or overweight/obesity, with a particular focus on lifestyle interventions. In this Special Issue, we hope to investigate how to support and treat people with diabetes and/or overweight/obesity with physical activity, exercise, and specific dietary interventions. Our interest also lies in how these might need to be adapted when physical activity, exercise and/or dietary interventions are incorporated in the daily life of people with metabolic diseases.

We look forward to receiving your manuscripts.
