Message from the Guest Editors

Dear Colleagues,

This special issue contains a selection of papers presented at the 5th International Conference on Natural Products for Health and Beauty (NATPRO 5) at Phuket, Thailand in May 2014 (see Conference Reports). Complemented by keynote presentations on topics ranging from traditional medicine to bioprospecting and molecular design, NATPRO showcased regional research on bioactives from plants and other natural sources, characterising their chemistry, efficacy and safety in human health and beauty applications.
