Deadline for manuscript submissions:

31 May 2024

Message from the Guest Editors

We will explore innovative biomaterials and cutting-edge strategies that enhance the efficiency, safety, and specificity of topical drug delivery and are important for new approaches in the field of wound healing.

We invite researchers to contribute their cutting-edge work in the field of biomaterials for topical drug delivery and wound healing.

Topics of interest include, but are not limited to, the following list:

Biomaterials for Topical Drug Delivery, Wound Healing Biomaterials, Innovative Wound Dressings and 3D Bioprinting in Dermatology

Join us in exploring the latest advances in biomaterials and fostering collaboration for the development of transformative solutions in skin health. Together, let's shape the future of topical drug delivery and wound healing.

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Patrick J. Sinko

Department of Pharmaceutics,
Ernest Mario School of
Pharmacy, Rutgers University,
Piscataway, NJ 08854, USA

Message from the Editor-in-Chief

Pharmaceutics (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceutics and biopharmaceutics. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (*Pharmacology & Pharmacy*) / CiteScore - Q1 (*Pharmaceutical Science*)
