Message from the Guest Editors

Dear Colleagues,

The lymphatic system plays a pivotal role in immune response and fluid balance and offers a promising alternative pathway for targeted drug delivery and disposition. Pharmaceutical advancements in lymphatic delivery and disposition encompass a spectrum of techniques and formulations aimed at optimizing bioavailability, stability, and therapeutic efficacy of drugs.

This Special Issue will delve into diverse facets of lymphatic delivery and disposition, spanning traditional, contemporary, and cutting-edge methodologies. From exploring novel carriers for enhanced bioavailability to unravelling the intricacies of dissolution, lipolysis, release kinetics, and stability concerns, this Special Issue will elucidate strategies to harness the lymphatic system for improved therapeutic outcomes.

...

We invite contributions spanning original research articles, reviews, and perspectives that shed light on the pharmaceutical aspects of lymphatic delivery and disposition, driving innovation and transformation in drug development and delivery.

We look forward to your valuable insights and contributions.

Special Issue

an Open Access Journal by MDPI

Message from the Editor-in-Chief

Pharmaceutics (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceutics and biopharmaceutics. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (*Pharmacology & Pharmacy*) / CiteScore - Q1 (*Pharmaceutical Science*)
