### Message from the Guest Editors

Dear colleagues,

Electrospun fibers are emerging as a viable tool for drug delivery and tissue regeneration. Aim of this special issue is to collect the latest news in the fabrications and applications of electrospun fibers as novel drug delivery system and dosage form and/or as platform for cell and molecular biology applied to tissue regeneration.

We look forward to receiving your contributions.

Dr. Silvia Pisani

## Message from the Editor-in-Chief

*Pharmaceutics* (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceutics and biopharmaceutics. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (*Pharmacology & Pharmacy*) / CiteScore - Q1 (*Pharmaceutical Science*)
