closed (15 September 2018)

Message from the Guest Editor

We plan to publish a Special Issue on "Feature Papers" in order to give a broad overview of our area. We are looking for top-quality papers that will be published free of charge in open access. Authors will be the Editorial Board Members and researchers invited by the Editorial Office and the Editor-in-Chief. Papers could be both long research papers (or review papers) and papers describing the current state-of-the-art in one of the areas covered by the journal.
