Message from the Guest Editors

Dear Colleagues,

This Special Issue, “Innovative Functional Textiles”, aims to be a collection of high-quality original/review papers focusing on recent progress in (a) smart and interactive textiles/electronic polymers and textiles, (b) shape memory textiles, (c) sustainable materials and processing, (d) high performance engineered textiles/protective textiles, (e) nano- and micro- fibers and assemblies, (f) biomedical polymers and textiles, (g) photonic textiles, (h) thermal and moisture regulated textiles, (i) geotextiles, (j) functional textile finish, and (k) characterization of functional textiles.

Other potentially interesting topics are also welcome and not limited to the above lists, if the intended submissions are generally in the category of functional textiles.

Message from the Editor-in-Chief

Since its foundation in 2009, *Polymers* has developed into an internationally renowned, extremely successful open access journal. The editorial team and the editorial board dedicatedly combine open-access publishing and high-quality rigorous peer reviewing. The performance of the journal has proven this strategy to be well-suited and highly successful. This is reflected in the increasing impact factor of *Polymers*, the most recent one being 5.0.

I would like to invite you to contribute to the success of the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, FSTA, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank: JCR - Q1 (*Polymer Science*) / CiteScore - Q1 (*Polymers and Plastics*)
