

# *remote sensing*

We are delighted to announce the winners of the 2017 Best Reviewer Award for *Remote Sensing*. We greatly appreciate those who have generously given their time to review papers submitted to *Remote Sensing*. The best reviewers were selected based on quantity, quality and speed. After collecting the data, there were even more excellent reviewers than we expected. Hence, we applied seven additional quotas for this award. Congratulations to the following referees who have been selected to receive a 'Best Reviewer Award' in recognition of their significant contributions over the past year.
