submissions:

**closed (30 October 2023)**

### Message from the Guest Editors

This Special Issue is intended as a forum for advancing research concerning resources in sustainable development, economy, and corporate social responsibility. This Special Issue invites deep scientific discussions on sustainable resources management, economy-related research on resources, resource governance and policy, recent research trends in energy sources, and corporate social responsibility from both the customer and producer side in resources-based sectors. Submissions may concern but are not limited to the following topics:

- Achievement of sustainable management and efficient use of natural resources;
- Sustainable water and energy policy;
- Sustainable consumption in light of resources;
- Economy-based resources allocation;
- Economy against sustainability in resources management;
- Mineral extraction policy;
- Resource governance and policy;
- Clean energy;
- Renewable and non-renewable energy resources;
- Corporate social responsibility in non-renewable resource-based communities;
- Corporate social responsibility of resources-based sectors.

## Message from the Editor-in-Chief

Responsible prosperity is underpinned by sustained access to resources. *Resources*, publishes excellent science and scholarship which transforms understanding, practices and policies for conserving all natural resources—from water, land and air; to plant and animal biodiversity; to minerals and energy and their interconnection across scales. Significantly, we invite high quality submissions from natural and social sciences.

Build impact from your research by submitting to *Resources*, an open-access journal connecting you with data, insights, ideas and evidence needed to shape a better world.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, ESCI (Web of Science), GeoRef, PubAg, AGRIS, RePEc, and other databases.

**Journal Rank:** CiteScore - Q1 (*Nature and Landscape Conservation*)
