Message from the Guest Editors

The aim of this Special Issue is to provide a comprehensive view of the state-of-the-art sensor technology in Spain. Research articles and reviews are solicited that provide a comprehensive insight into this research field in Spain, presenting and discussing any aspect of sensor development and novel applications. Topics of interest include but are not limited to the following:

- Internet of Things
- Sensor networks
- Physical sensors
- Sensor materials
- Biosensors
- Chemical sensors
- Remote sensors, control, and telemetry
- Optical sensors
- Intelligent sensors

Message from the Editor-in-Chief

Sensors is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. *Sensors* organizes Special Issues devoted to specific sensing areas and applications each year.

Author Benefits

Open Access : free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.
