separations

2022 OUTSTANDING REVIEWER WINNERS

Dear Colleagues,

We are pleased to announce the winners of the *Separations* 2022 Outstanding Reviewer Award. The *Separations* Editorial Board and Editorial Team would like to gratefully acknowledge the time and energy dedicated by reviewers in checking the manuscripts submitted to *Separations*. It is due to their efforts that the high quality of the journal and quick turnaround are maintained.

Dr. Balawanthrao Jadhav

Analytical Chemistry, South Dakota State University, USA
Research Interests: extraction; accelerated solvent extraction; gas chromatography–mass spectrometry; analytical method development; chromatography; high-performance liquid chromatography; H1 NMR; FTIR analysis; TGA/DSC; UV spectrophotometer; DSC—differential scanning calorimetry

Dr. Łukasz Dąbrowski

Department of Food Analysis and Environmental Protection, Bydgoszcz University of Science and Technology, Poland
Research Interests: GC/MS analysis; sample preparation; organic pollutants; pesticides; environmental analysis; food analysis; extraction techniques; chromatography; mass spectrometry; HPLC

Dr. Sidi Zhu

School of Chemistry and Chemical Engineering, Nanjing University of Science and Technology, Nanjing, 210094, China
Research Interests: adsorption; water treatment; separation and purification; interface science; nanomaterials

The Prize for Each Winner:
– CHF 400;
– An opportunity to publish a paper free of charge in *Separations* in 2023 after peer review;
– A certificate.
