Deadline for manuscript
submissions:

closed (30 April 2023)

Message from the Guest Editor

Dear Colleagues,

It is our pleasure to announce the launch of a featured Special Issue under the title “**Feature Papers in *Separations* from Editorial Board Members**”.

This Special Issue aims to gather innovative research and review articles exclusively from Members of the Editorial Board of *Separations*.

There is no specific scientific description of the topics intended to be covered by SI articles, as papers on any area covered by the scope of the journal are welcome.

We strongly believe that this effort presents a good opportunity for the Members of the Editorial Board of our journal to learn about each other's research interests and, at the same time, to promote the journal with high-quality publications.

Dr. Paraskevas D. Tzanavaras

Guest Editor

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Frank L. Dorman

Dartmouth College, Hanover, NH
03755, USA

Message from the Editor-in-Chief

Separations offers the scientific community a high-quality, open-access journal option with rapid time-to-publication without any sacrifice of a rigorous peer-review process. We invite contributions ranging from fundamental characterization and instrumentation development through application of techniques to shed light on a broad spectrum of separation science needs. Since inception, *Chromatography*, has become unique in its combination of rapid publication and thorough scientific content. We invite you to consider us for your next contribution.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [CAPlus / SciFinder](#), and [other databases](#).

Rapid Publication: manuscripts are peer-reviewed and a first decision is provided to authors approximately 13.6 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the second half of 2023).
