Message from the Guest Editors

Dear Colleagues,

Decision-making processes in supply chain operations and management are being transformed by big data, the internet of things and blockchain technology, among others. In other words, digital manufacturing is increasingly manifesting itself as an enabler of environmental sustainability.

This Special Issue seeks to advance research in the fields of green supply chain, circular economy and digital manufacturing by investigating these practices in the industry and gathering the best practices that emerge from these experiences.

In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following:

- Eco-friendly transportation and sustainable supply chains;
- Efficient inventory management for circular economy;
- Industry 4.0;
- Sustainable manufacturing and operations management;
- Supply chain networks' resiliency;
- Environmental impact vs. economic benefits;
- Reverse logistics and sustainability;
- Digitalization.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (*Geography, Planning and Development*)
