Deadline for manuscript  
submissions:

**31 October 2024**

### Message from the Guest Editors

Cities are the places where the most significant progress can be made in the transition to a sustainable energy system. This Special Issue aims to collect studies and research on the difficulties to be faced and perspectives to be developed to make the economic market and cities more resilient and inclusive.

Economic and environmental strategies for energy transition;

Regulatory, economic and financial tools to promote energy transition at the building, urban and territorial levels;

Economic and financial feasibility and evaluation of energy retrofit plans and projects;

Decision aid models for urban and territorial energy transitions;

Energy transition and real estate markets;

Models of integrated production and self-consumption of energy from renewable sources;

Energy poverty and energy affordability;

Simulation and diagnostic models for energy efficiency of the building stock;

Environmental, economic and social impacts of energy transition;

Co-benefits of the energy transition;

Regulatory and financial tools for energy prosumers and energy communities.

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (*Geography, Planning and Development*)
