### Message from the Guest Editors

This Special Issue will focus on application of flocculants on emerging contaminants removal and resource recovery in wastewater treatment and aims to collect studies of the following:

- (1) Flocculants preparation and modification for wastewater treatment;
- (2) Application of flocculants to remove emerging contaminants, e.g., microplastics, perfluoro octanoic acids, in wastewater;
- (3) Application of flocculants to recycle and reuse resources from wastewater;
- (4) Life cycle assessment of flocculants in wastewater treatment.

Original research papers or review papers on the latest research progress are looking forward.

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.
