Message from the Collection Editor

The goal of this Research Topic is to generate high-quality Public Health and Social Science research to help national strategic public health response plans; analyze the consequences of epidemic-control decisions; and understand the psychological, social, cultural, and economic impacts of COVID-19.

We welcome the submission of reviews, original research articles, short communications, systematic reviews, and case studies targeting any of these core research questions, as the main goal of this Special Issue is to address some of the core research questions related to the COVID-19 pandemic.
