Message from the Guest Editor

Dear Colleagues,

Coastal ecosystems are vital to human survival and well-being. This Special Issue of *Sustainability* seeks papers that provide case studies of coastal ecosystems that focus on solutions to the diverse challenges associated with the following: Understanding coastal processes, mitigating damage to coastal areas, sustainable management of coastal lands, and enhancing human value of coastal ecosystems for the fundamental contributions coastal ecosystems make to human well-being.

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (*Geography, Planning and Development*)
