Deadline for manuscript submissions:
closed (20 May 2020)

Message from the Guest Editor

Considering the sustainable development goals and the need to combine human development with the conservation of the environment, reducing global warming, there is the need identify new models capable of integrating economic, social and environmental process, providing a new vision for the future of the planet. The special issue aims at collecting research papers discussing these topics.

Keywords:

- rural landscape
- cultural landscape
- rural development
- nature conservation
- biocultural diversity
- planning and management

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.
Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (*Geography, Planning and Development*)
