

## Does the impact of technology on students sustain academic, satisfaction, and functional performance: An analysis via interactive and self-regulated learning?

Dear Respondent,

I am working as a post-doctorate fellow in the Advanced Innovation Center for Future Education of Beijing Normal University. I am researching the topic mentioned above. The data collected via questionnaire will be used only for research purposes. Your record and details will not be disclosed to the public. Please pay full attention to fill the questionnaire, I will be thanked.
