

Supplementary Data

Figure S1 (a–h): GIT related stress of LAB isolates

Figure S1(a): comparative analysis of phenol tolerance of isolates

Figure S1(b): comparative analysis of phenol tolerance of isolate

Figure S1(c): comparative analysis of phenol tolerance of isolates

Figure S1(d): comparative analysis of bile tolerance of isolates

Figure S1(e): comparative analysis of phenol tolerance of isolates

Figure S1(f): comparative analysis of phenol tolerance of isolates

Figure S1(g): comparative analysis of lysozyme tolerance of isolate

Figure S1(h): comparative analysis of lysozyme tolerance of isolates
