

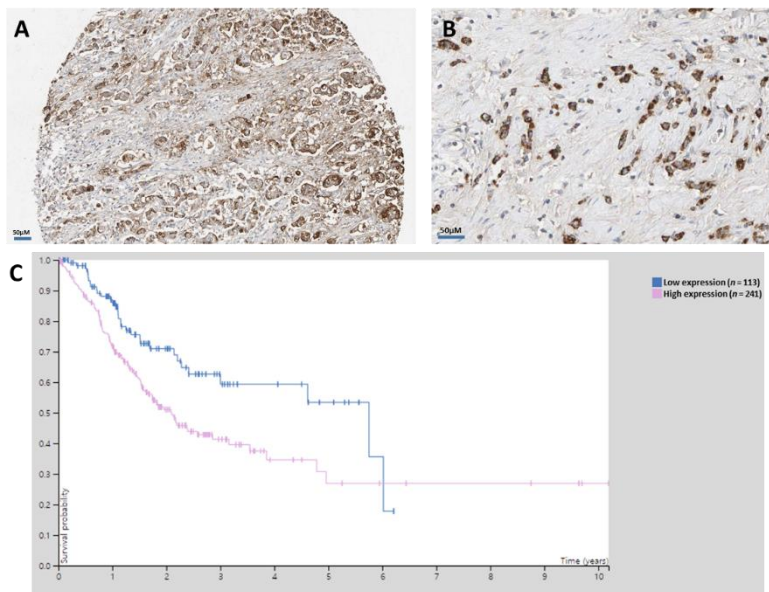

**Figure S3.** Expression comparison of genes between PC carcinoma with/without lymph node metastasis..

**Figure S4.** PTPRM expression in GC from the Human Protein Atlas (**A**) PTPRM was expressed in PD carcinoma (CAB022442, Patient id: 2105), (**B**) in PC carcinoma (CAB022442, Patient id: 2326), and (**C**) high PTPRM expression levels were related to poor overall survival in GC
