

Table S3. Total number of manuscripts describing the effect of push-pull semiochemical treatment on attack and attraction of *Dendroctonus* and *Ips* species

Number of manuscripts*		
Variable	<i>Dendroctonus</i>	<i>Ips</i>
Tree killed	4	0
Tree attack	10	2
Attraction to lure-male	11	3
Attraction to lure-female	12	3
Attraction to lure-both sexes	25	17

*Total number of manuscripts is 52, but some manuscripts describe more than one type of measure.
