

Supplementary data

K-S test for the month of July illustrated in Figures and K-S test statistic D is illustrated in tables for CMIP5 models used in the analysis.

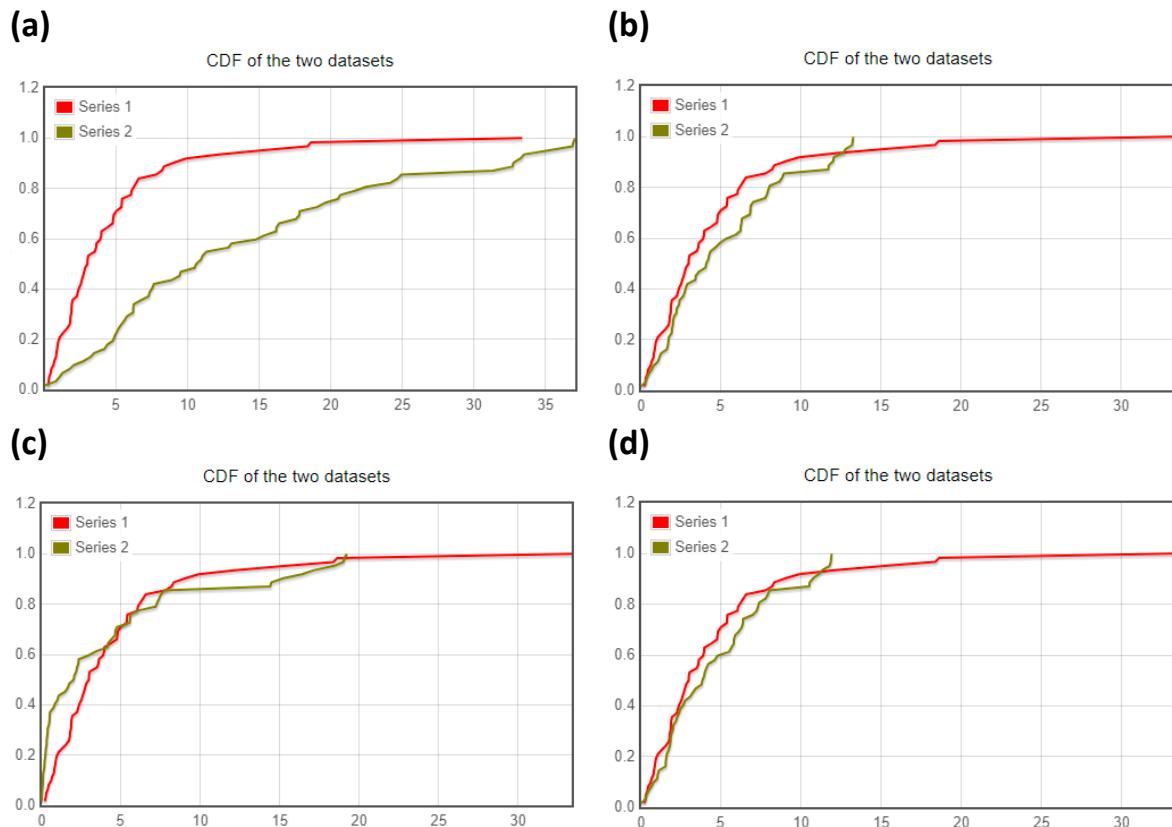

For precipitation: **(a)** simulated data without correction, **(b)** LS corrected, **(c)** LOCI corrected, **(d)** PT corrected and **(e)** DM corrected precipitation data

For maximum and minimum temperature: **(a)** simulated data without correction, **(b)** LS corrected, **(c)** VS corrected and **(d)** DM corrected temperature data.

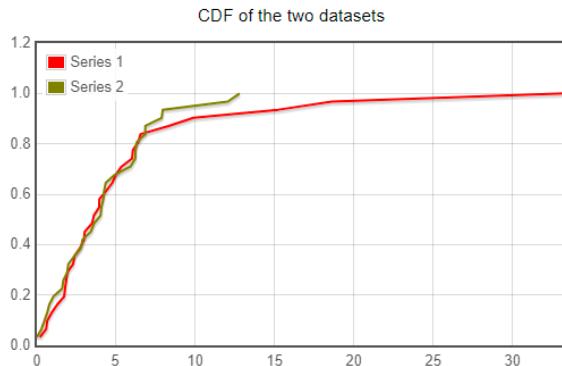

Series 1 represents observed data and **Series 2** represents model simulated and bias corrected data

1. CMCC-CESM

Precipitation

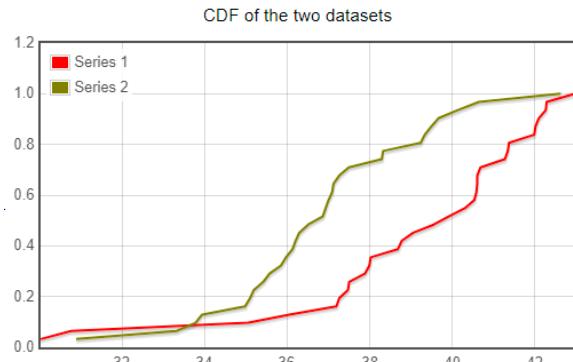

(e)

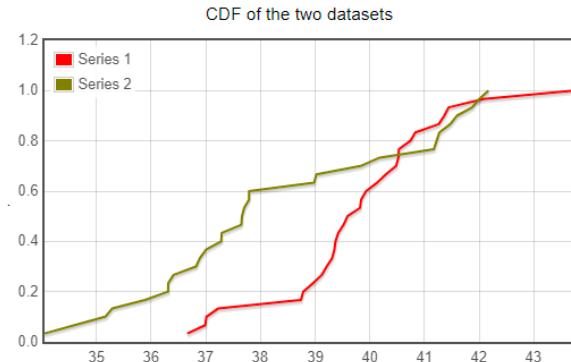

No Correction	Linear Scaling	Local Intensity Scaling	Power Transformation	Distribution Mapping
D	D	D	D	D
0.50	0.18	0.29	0.16	0.09

Maximum Temperature

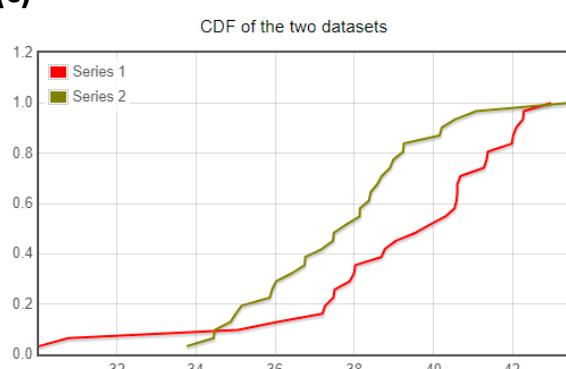

(a)

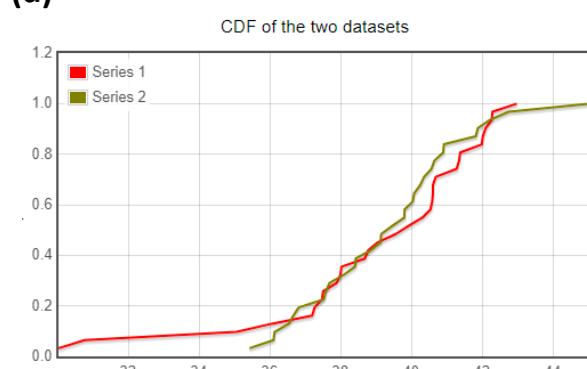

(b)

(c)

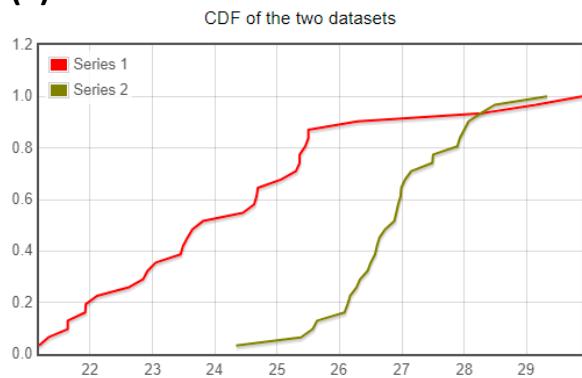

(d)

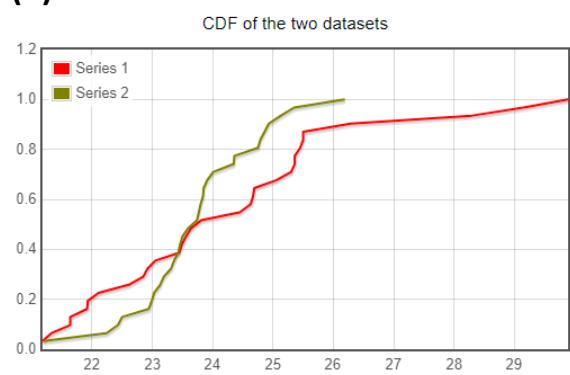

No Correction	Linear Scaling	Variance scaling	Distribution Mapping
D	D	D	D
0.52	0.39	0.47	0.16

Minimum Temperature

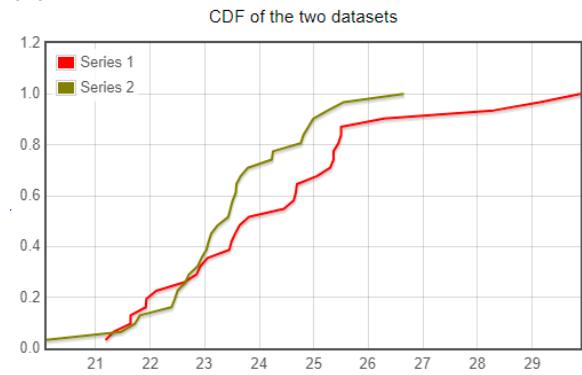

(a)

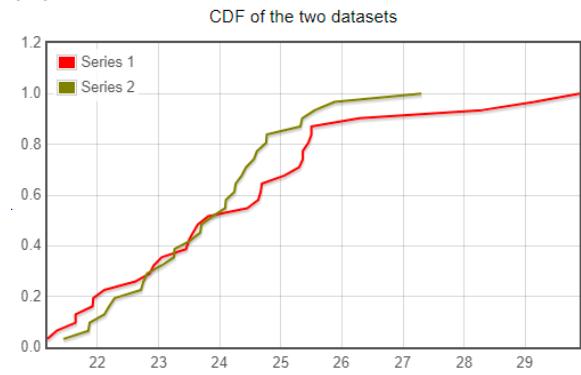

(b)

(c)

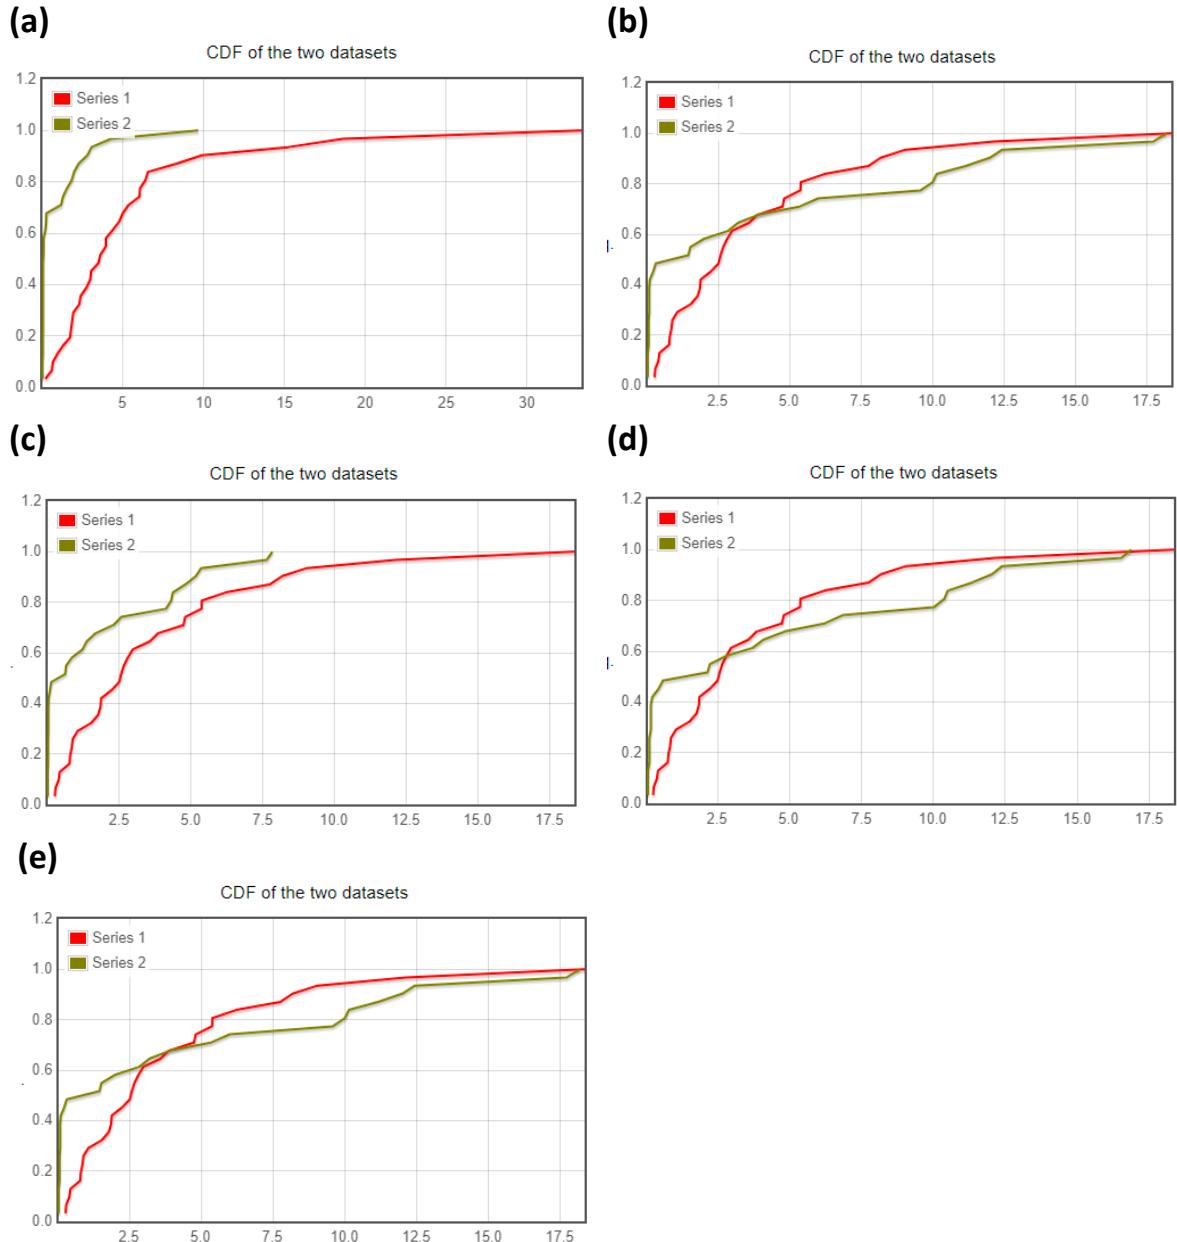

(d)

No Correction	Linear Scaling	Variance scaling	Distribution Mapping
D	D	D	D
0.81	0.26	0.26	0.23

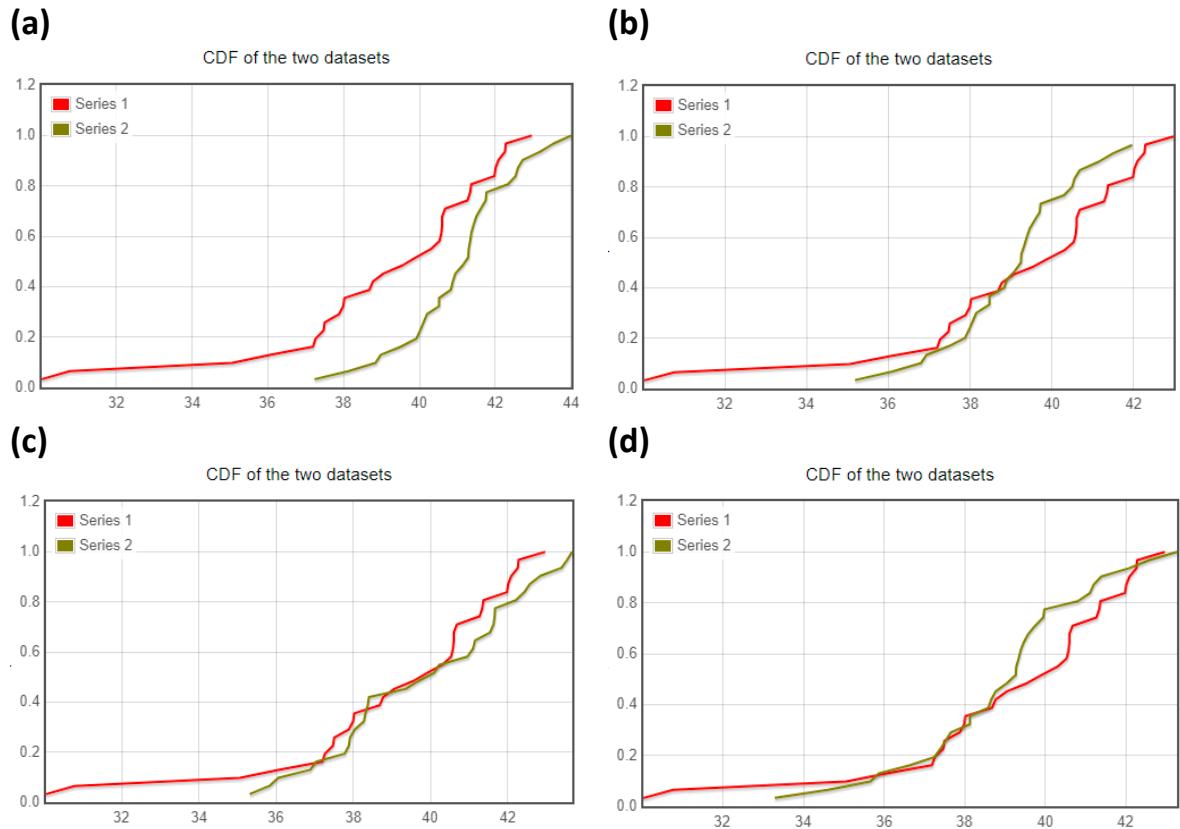

2. CNRM-CM5

Precipitation

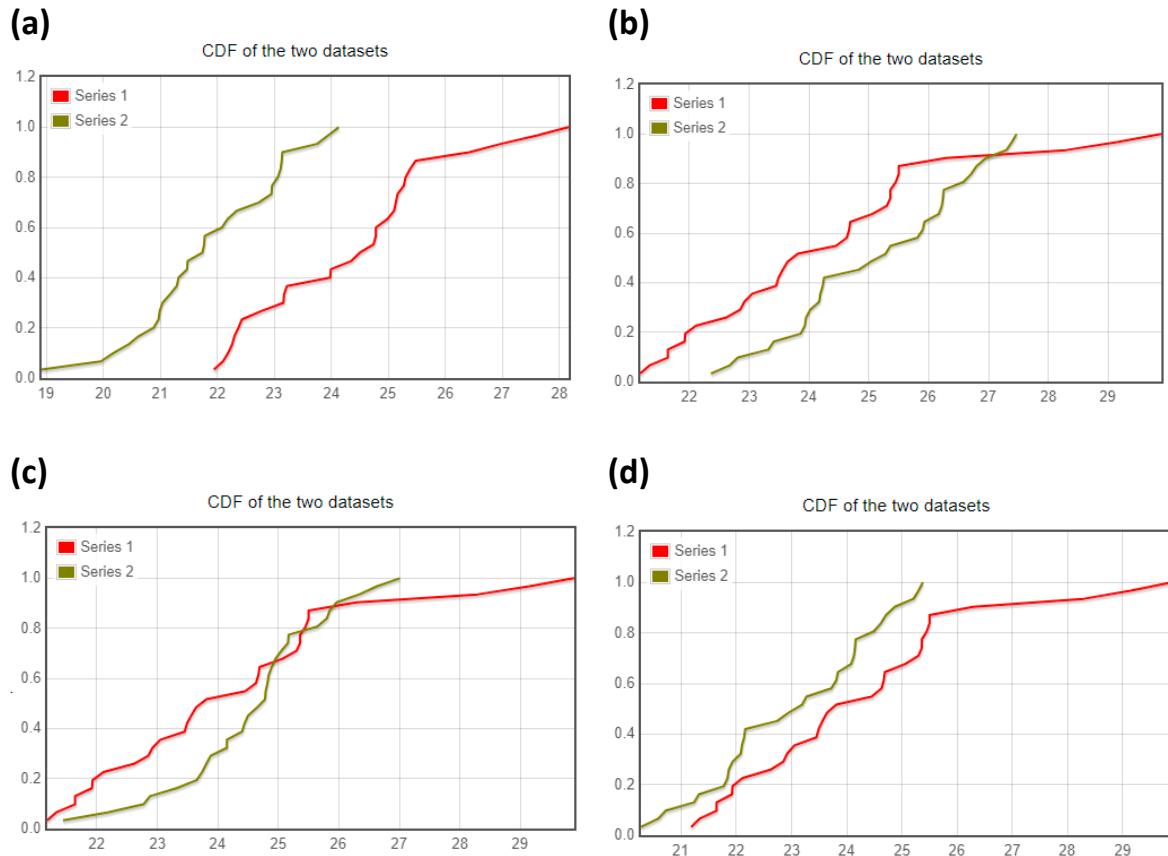

No Correction	Linear Scaling	Local Intensity Scaling	Power Transformation	Distribution Mapping
D	D	D	D	D
0.65	0.45	0.48	0.42	0.29

Maximum Temperature

No Correction	Linear Scaling	Variance scaling	Distribution Mapping
D	D	D	D
0.35	0.25	0.16	0.22

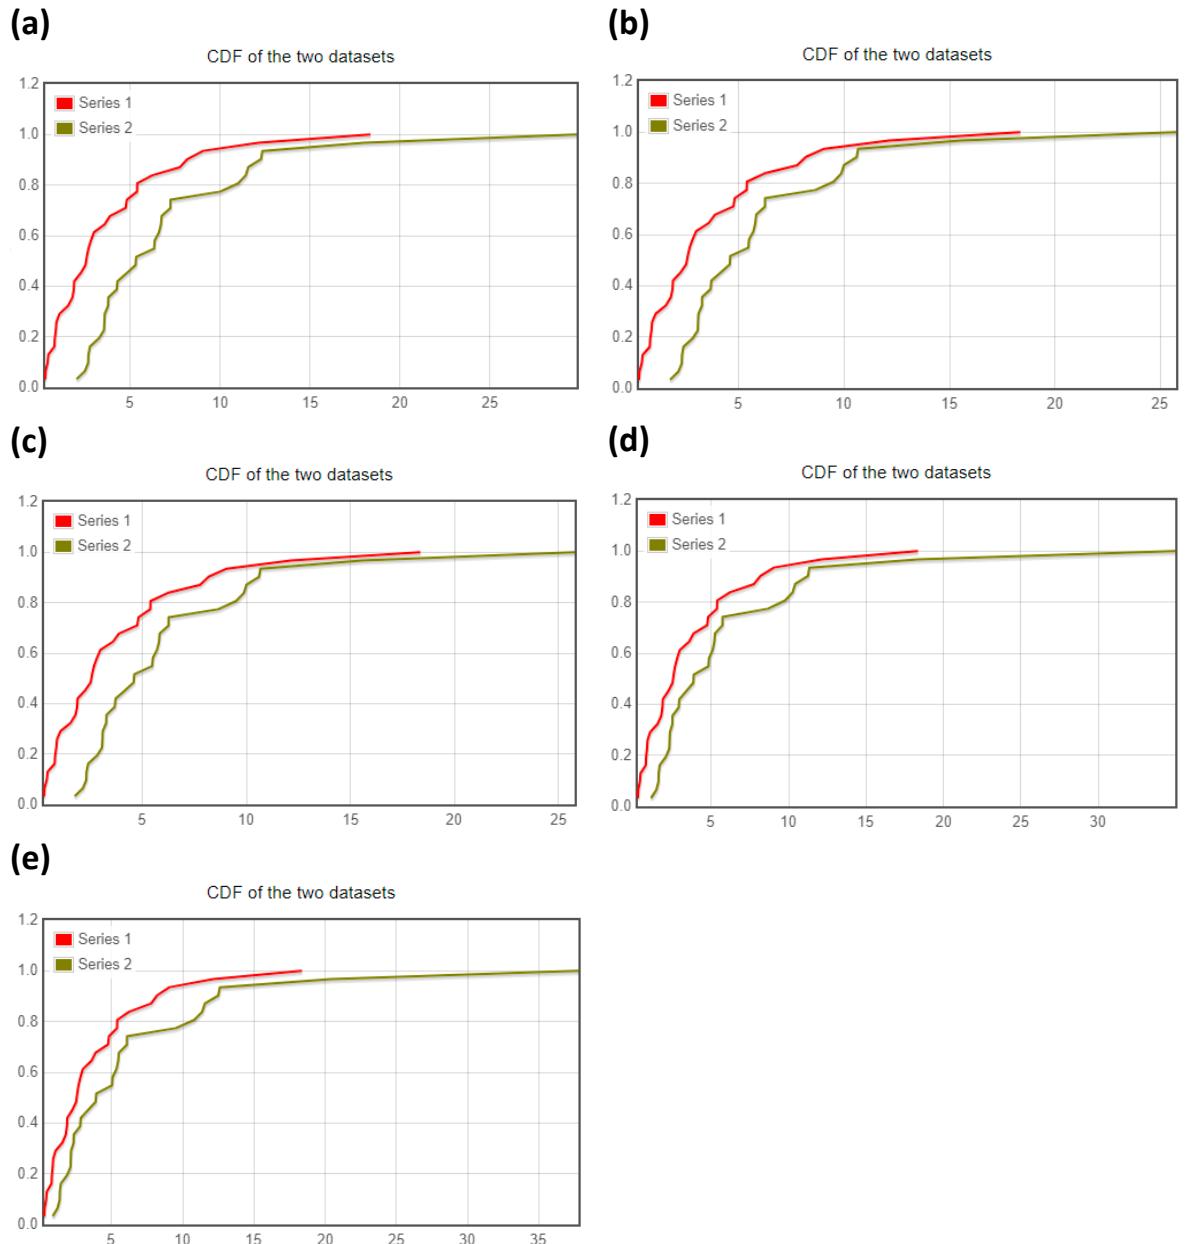

Minimum Temperature

No Correction	Linear Scaling	Variance scaling	Distribution Mapping
D	D	D	D
0.63	0.35	0.32	0.29

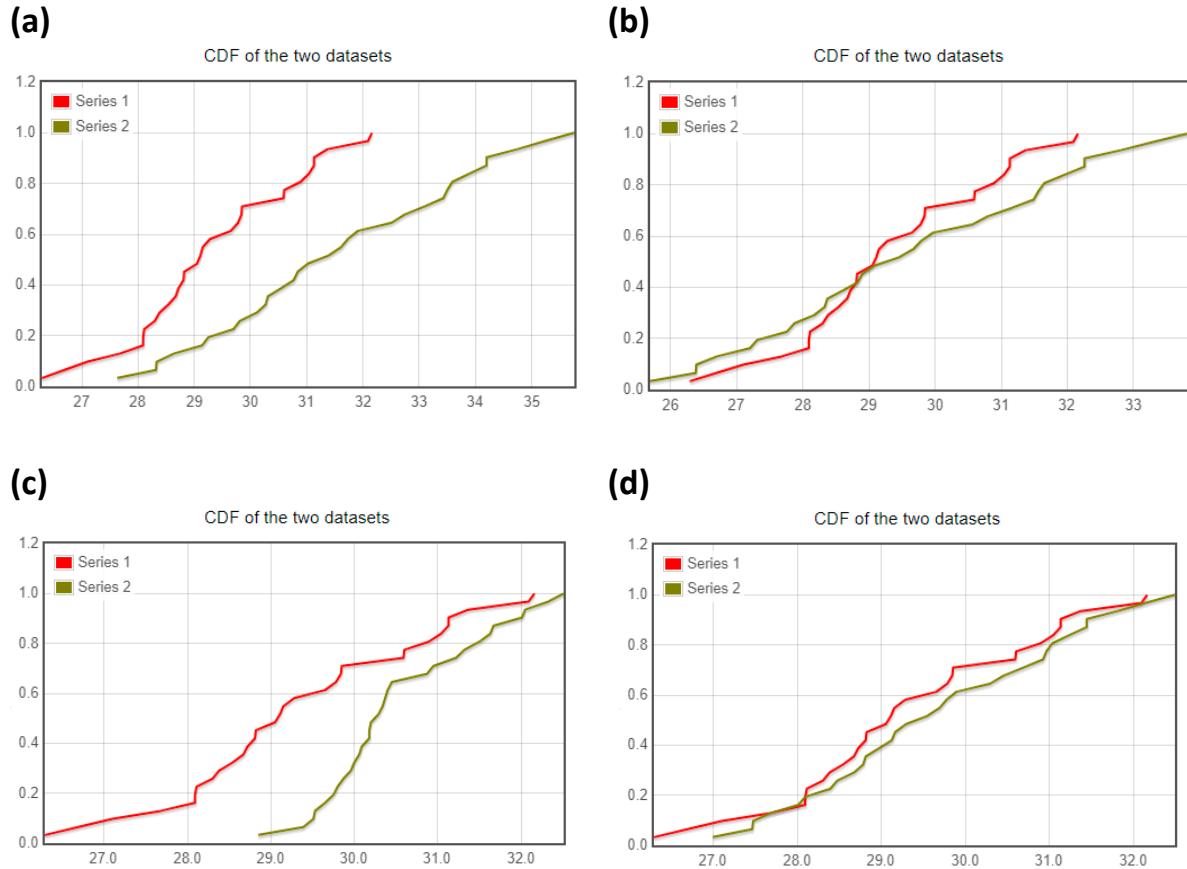

3. GFDL-CM3

Precipitation

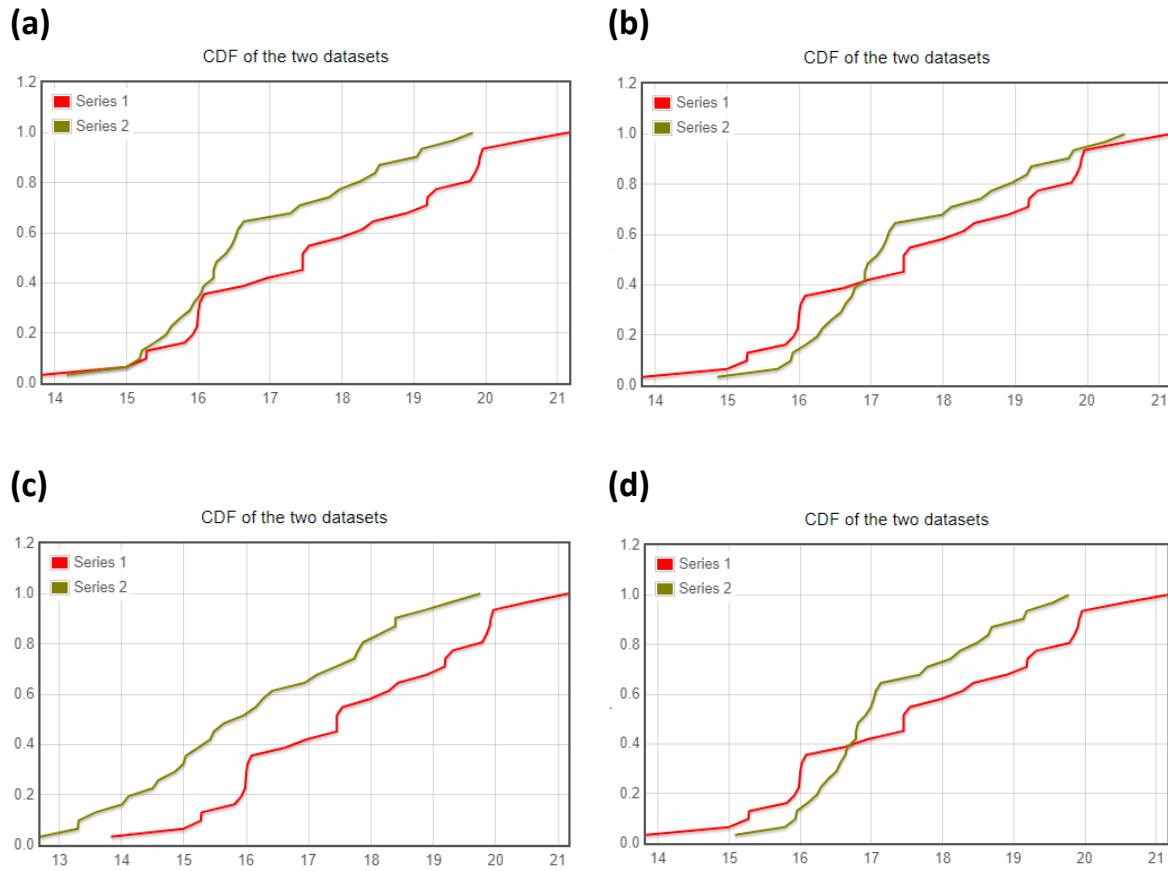

No Correction	Linear Scaling	Local Intensity Scaling	Power Transformation	Distribution Mapping
D	D	D	D	D
0.45	0.40	0.44	0.29	0.25

Maximum Temperature

No Correction	Linear Scaling	Variance scaling	Distribution Mapping
D	D	D	D
0.45	0.22	0.54	0.12

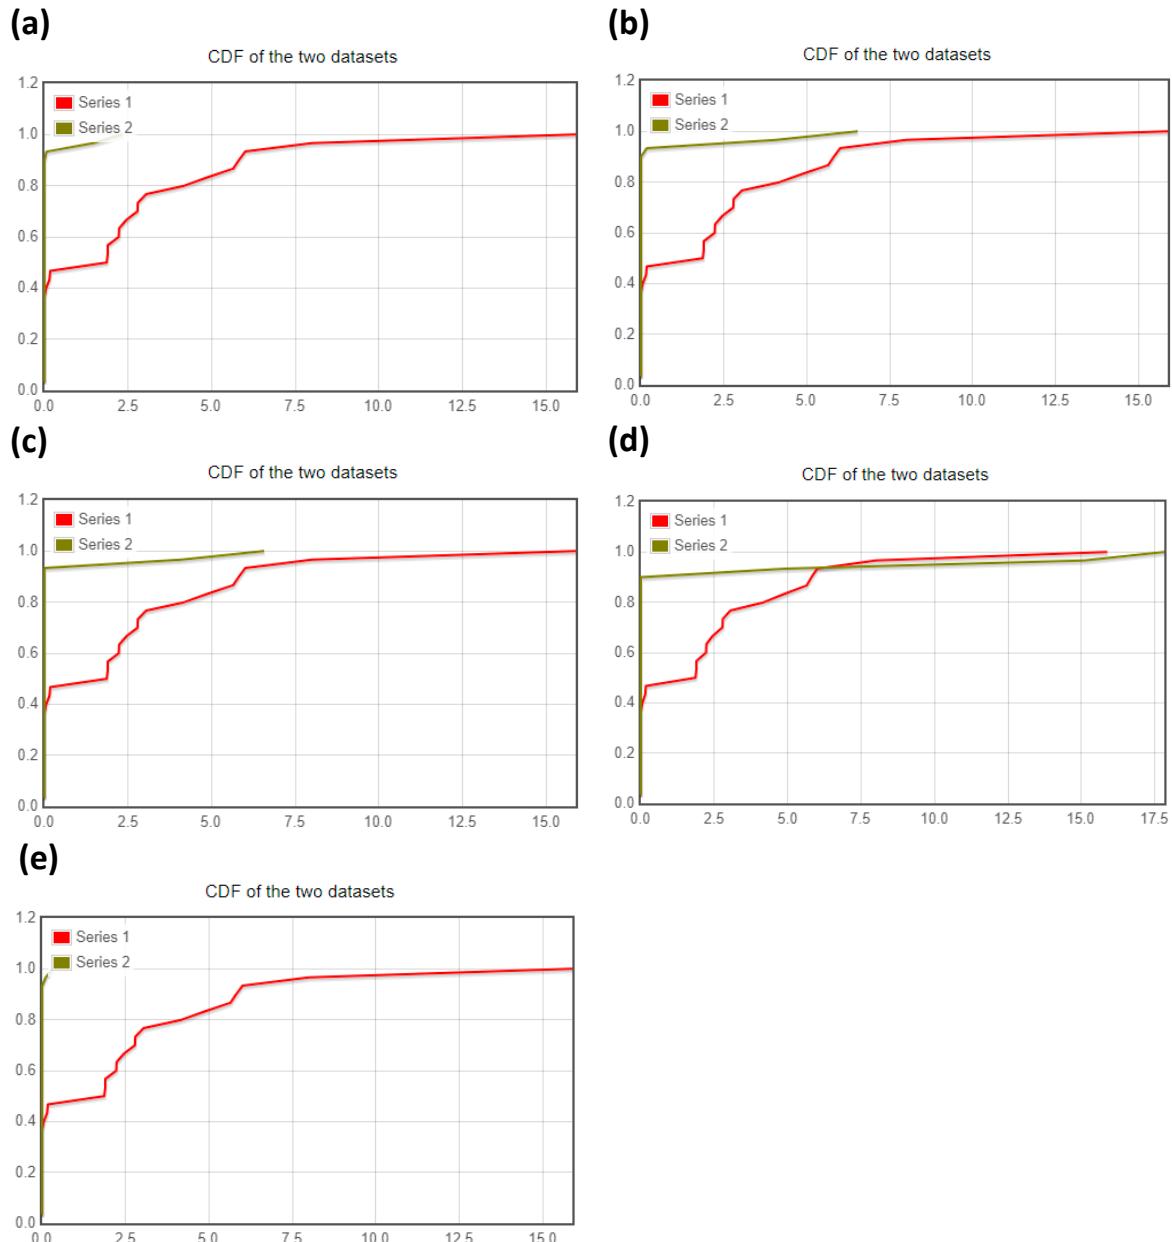

Minimum Temperature

No Correction	Linear Scaling	Variance scaling	Distribution Mapping
D	D	D	D
0.29	0.20	0.35	0.23

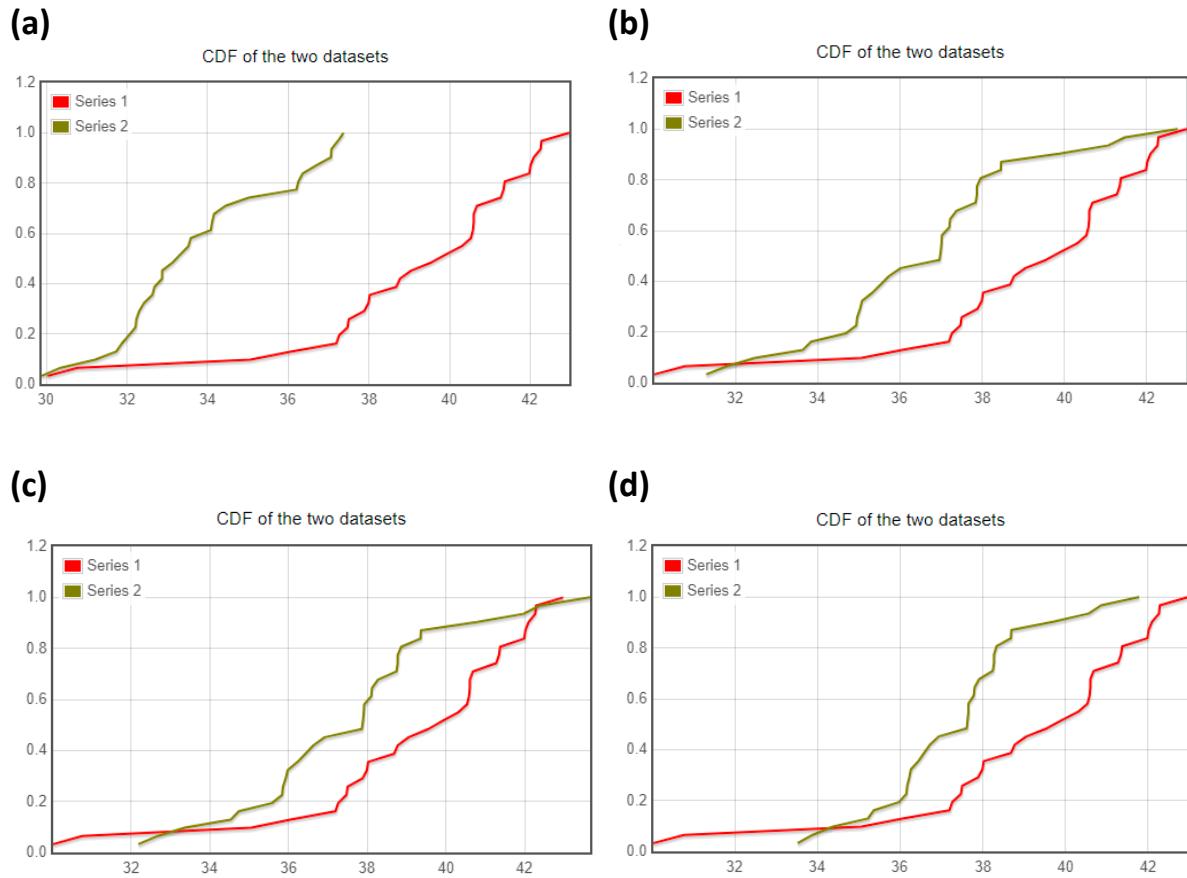

4. HadCM3

Precipitation

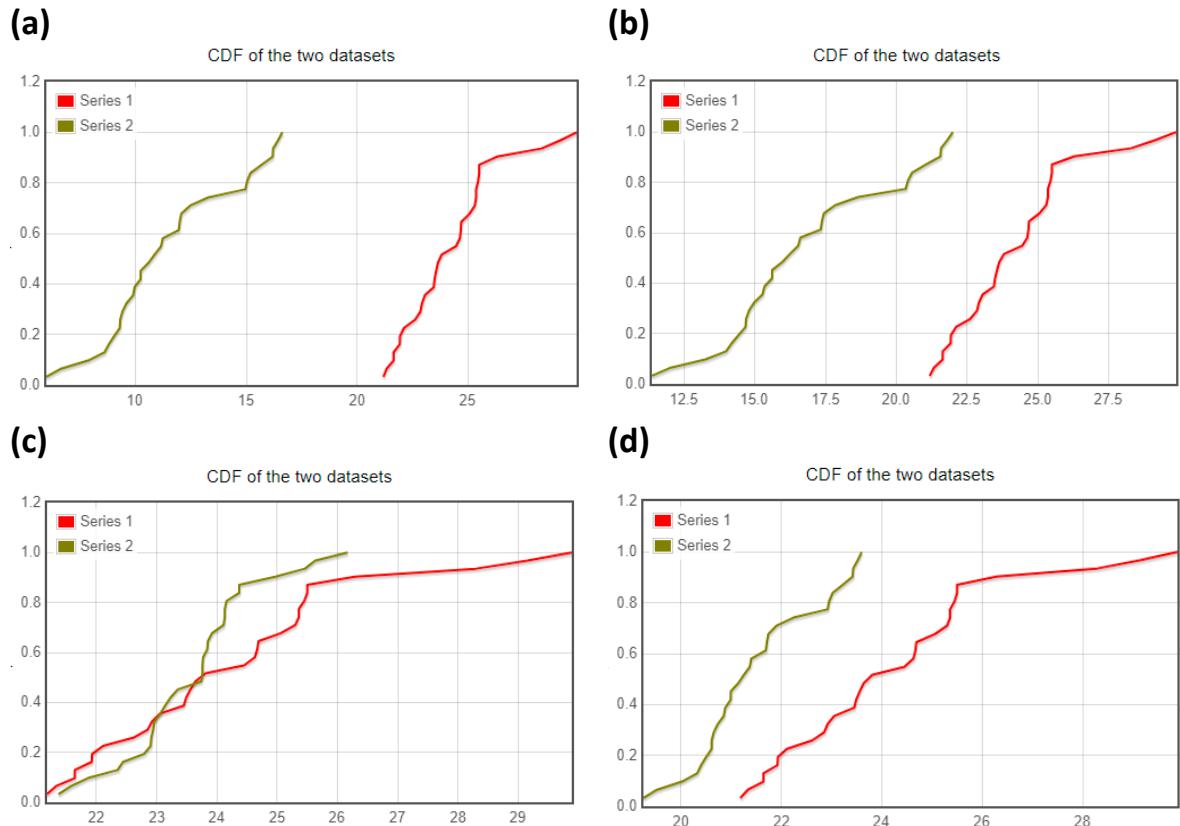

No Correction	Linear Scaling	Local Intensity Scaling	Power Transformation	Distribution Mapping
D	D	D	D	D
0.56	0.52	0.54	0.50	0.54

Maximum Temperature

No Correction	Linear Scaling	Variance scaling	Distribution Mapping
D	D	D	D
0.81	0.51	0.41	0.48

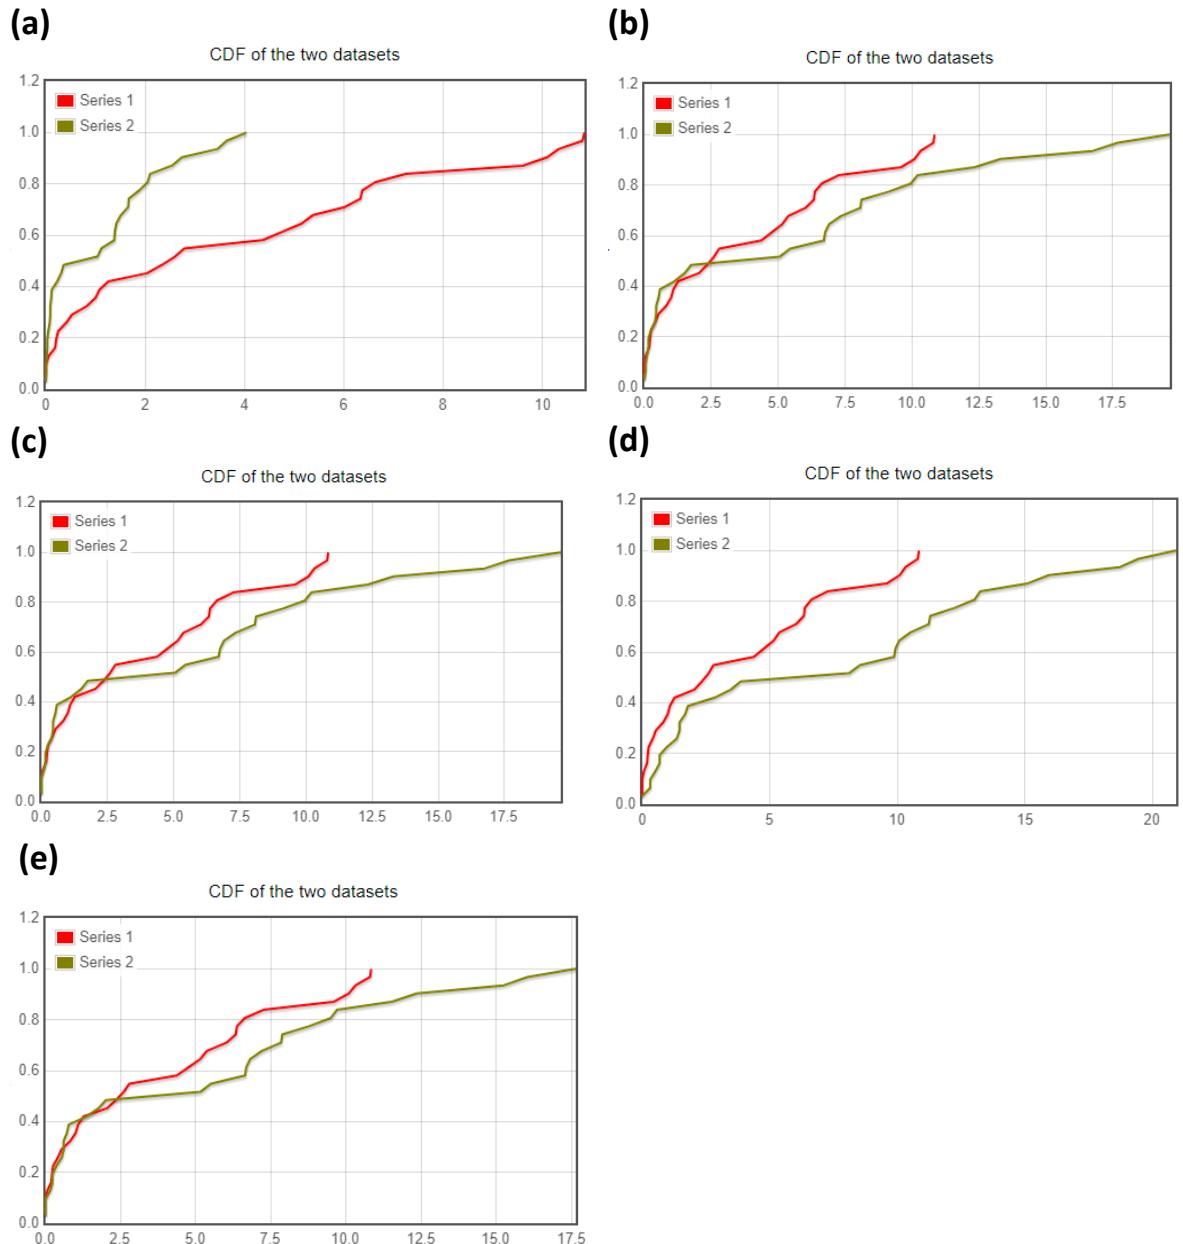

Minimum Temperature

No Correction	Linear Scaling	Variance scaling	Distribution Mapping
D	D	D	D
1.00	0.87	0.35	0.58

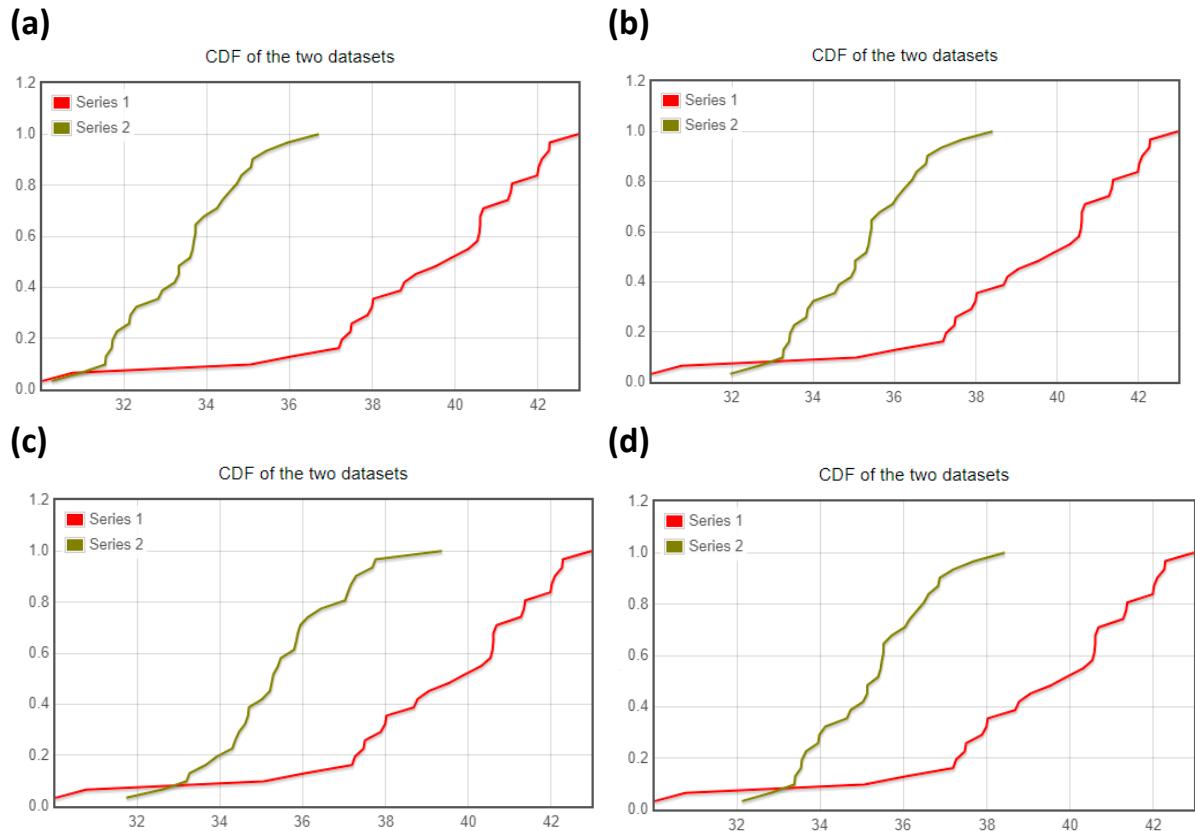

5. HADGEM2-ES

Precipitation

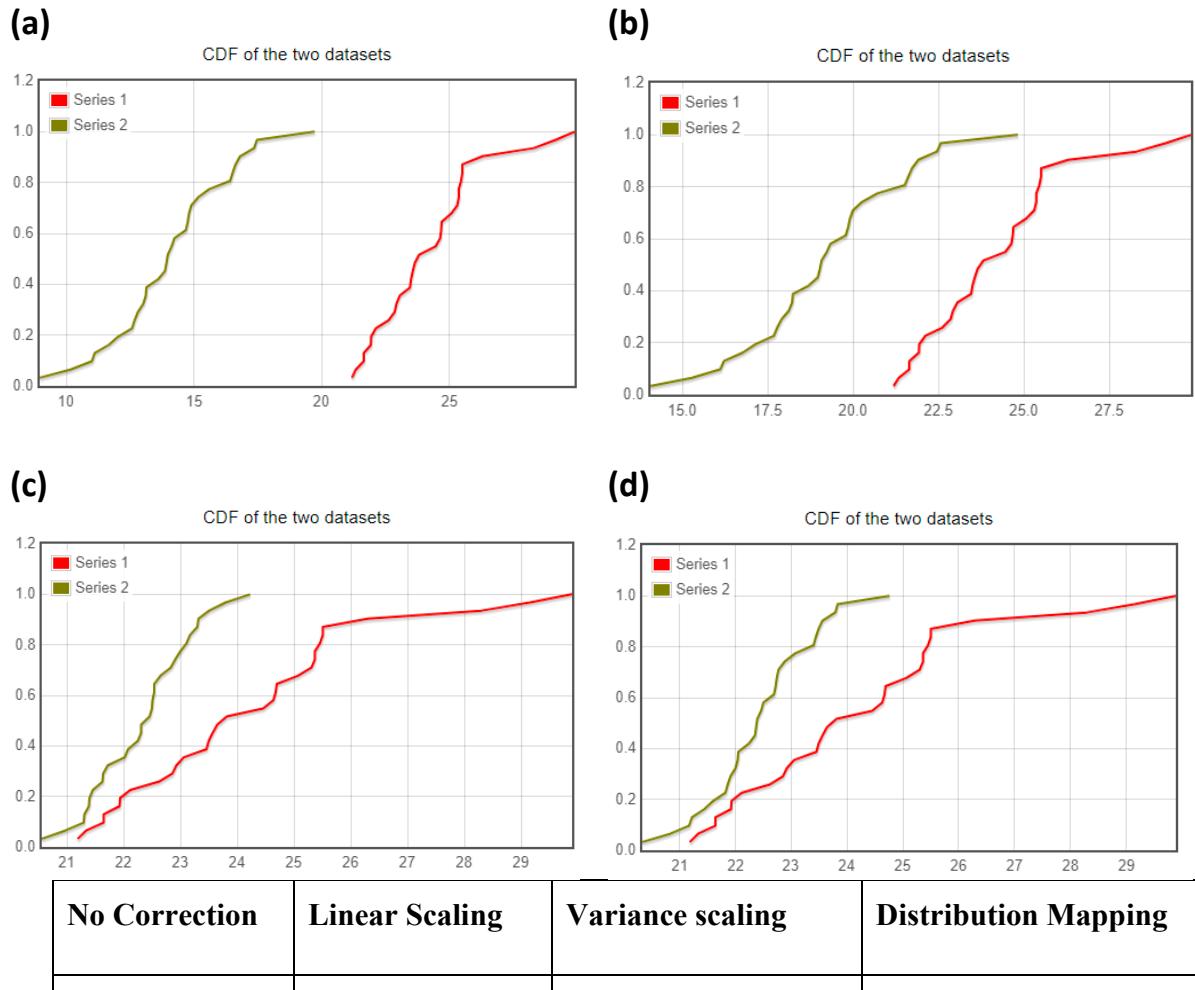

No Correction	Linear Scaling	Local Intensity Scaling	Power Transformation	Distribution Mapping
D	D	D	D	D
0.45	0.25	0.25	0.35	0.24

Maximum Temperature

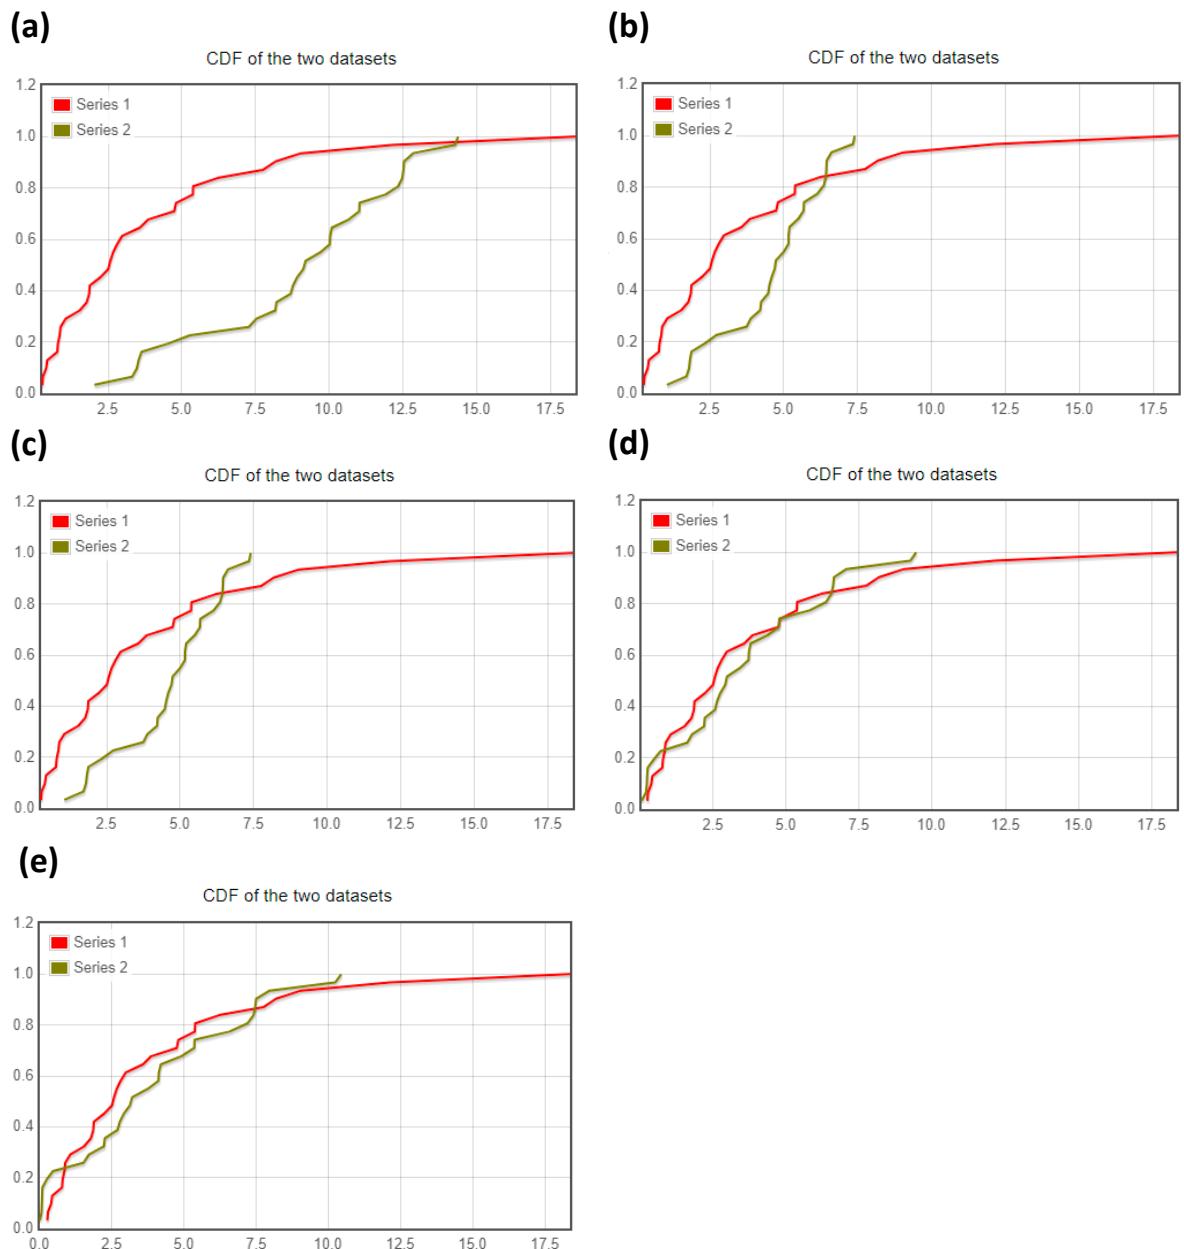

No Correction	Linear Scaling	Variance scaling	Distribution Mapping
D	D	D	D
0.87	0.81	0.74	0.77

Minimum Temperature

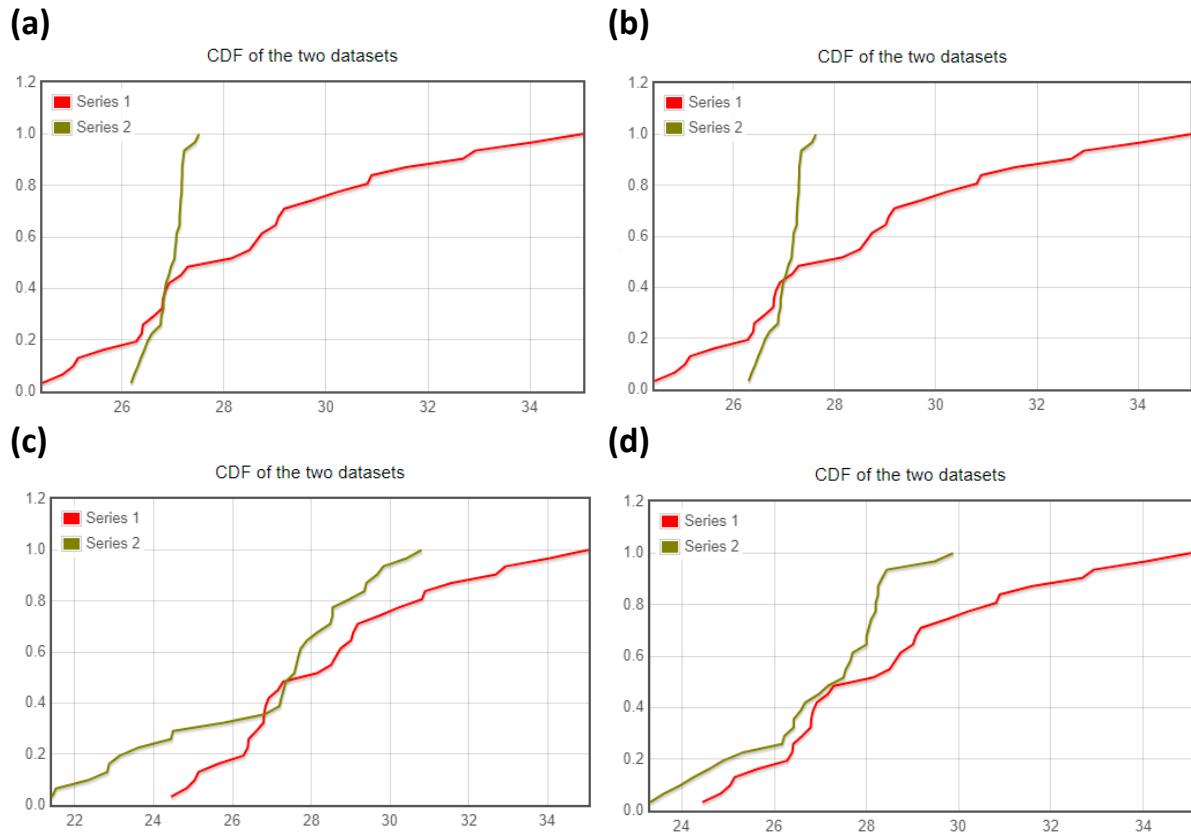

6. INM-CM4

Precipitation

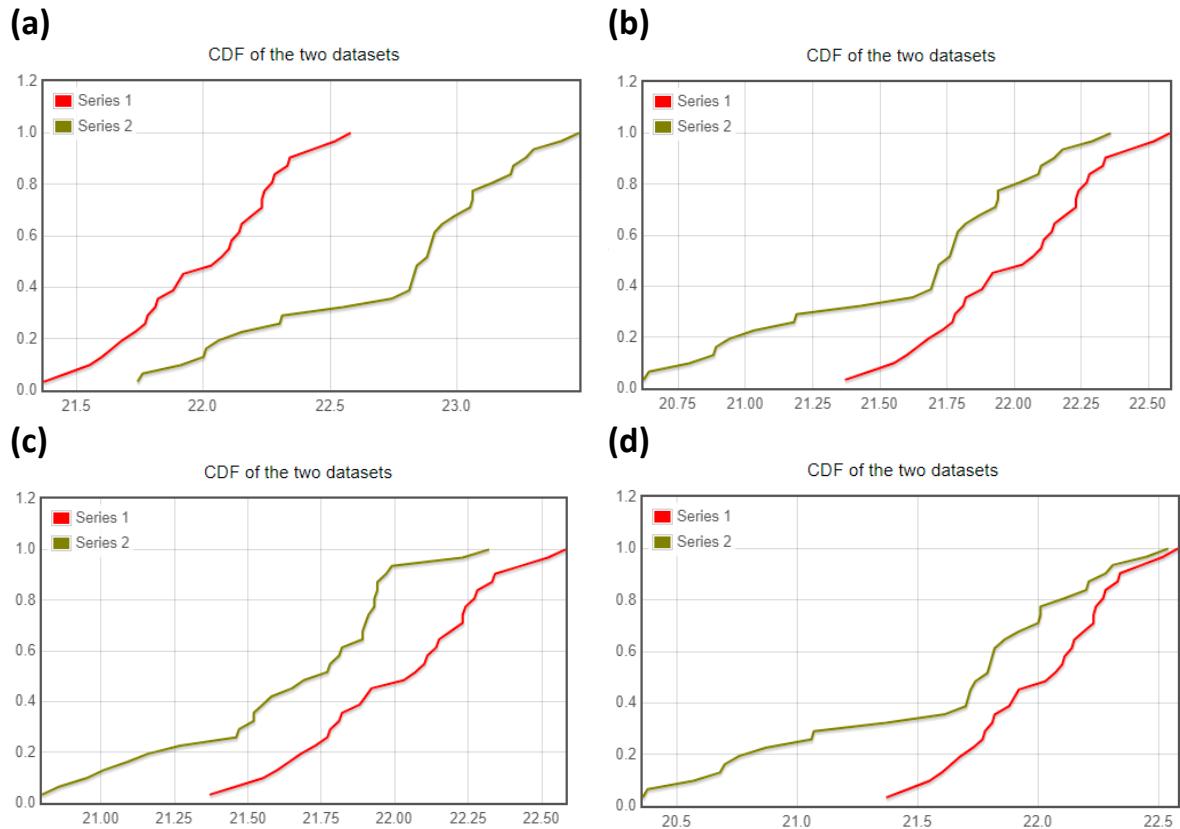

No Correction	Linear Scaling	Local Intensity Scaling	Power Transformation	Distribution Mapping
D	D	D	D	D
0.61	0.41	0.41	0.12	0.19

Maximum Temperature

No Correction	Linear Scaling	Variance scaling	Distribution Mapping
D	D	D	D
0.51	0.51	0.25	0.41

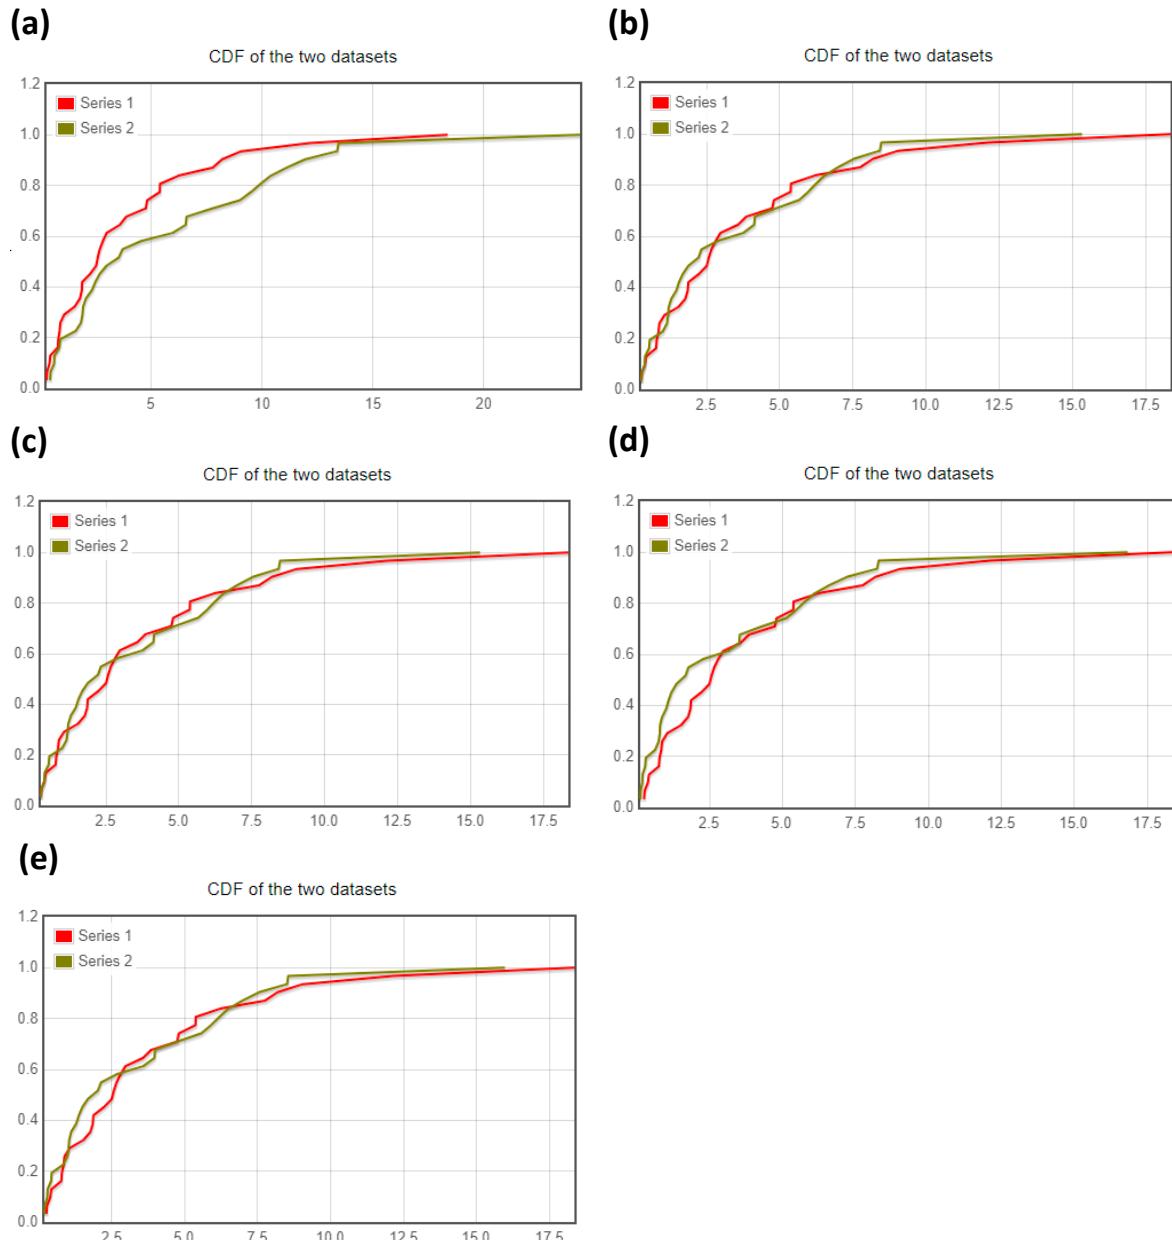

Minimum Temperature

No Correction	Linear Scaling	Variance scaling	Distribution Mapping
D	D	D	D
0.67	0.35	0.48	0.32

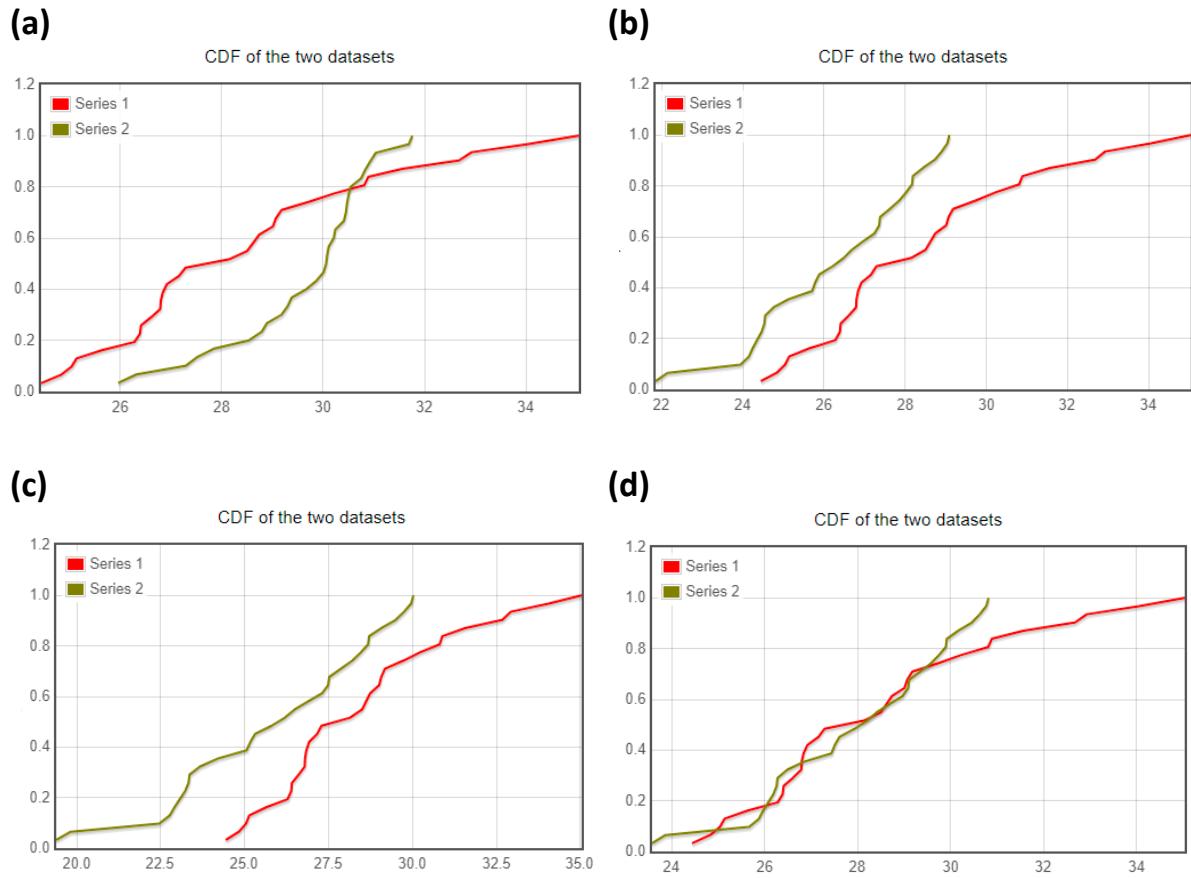

7. MIROC-5

Precipitation

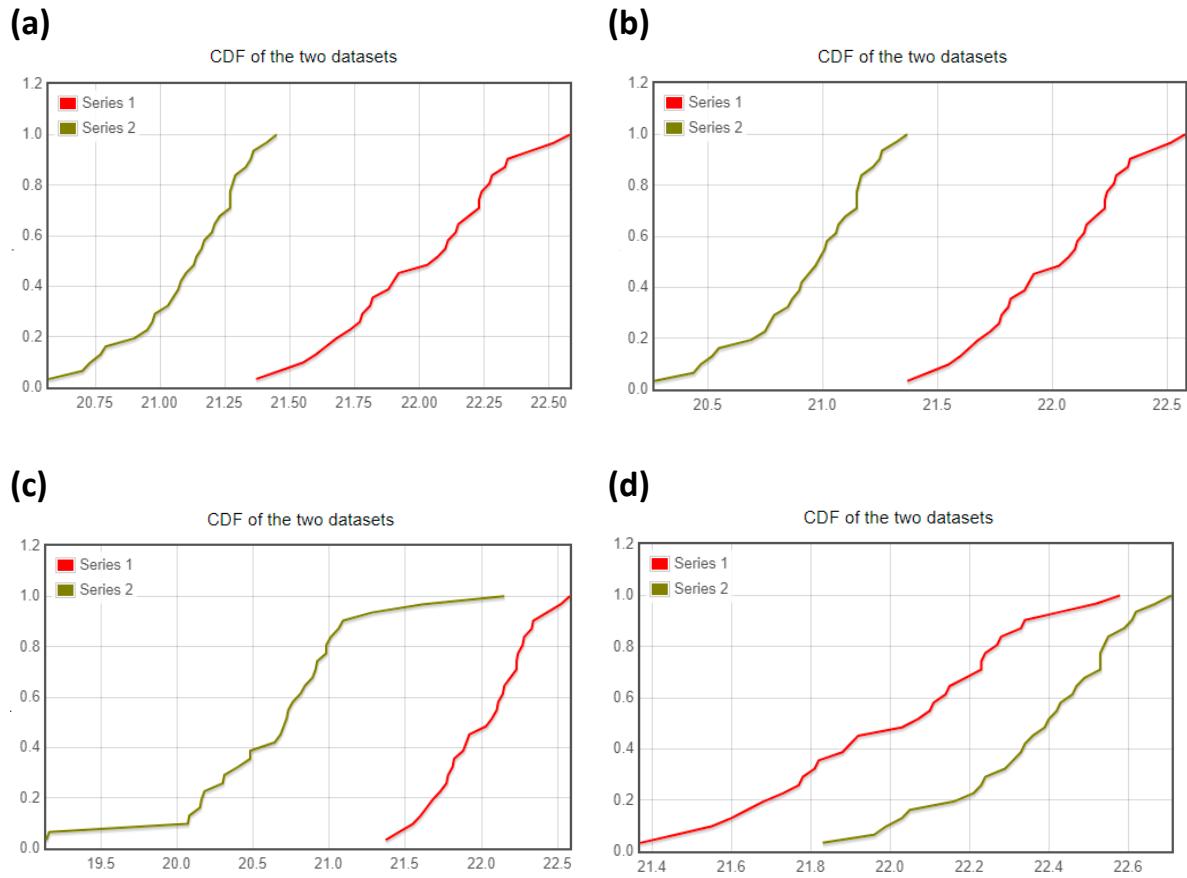

No Correction	Linear Scaling	Local Intensity Scaling	Power Transformation	Distribution Mapping
