---

The equations on page 667, second paragraph, have a mistake. Instead of “ $(\sum \text{latitude} \times \sum \text{production})/\text{Number of municipalities}$  and  $(\sum \text{longitude} \times \sum \text{production})/\text{Number of municipalities}$ ”, it should be  $\sum(\text{latitude} \times \text{production})/\text{Number of municipalities}$ , and  $\sum(\text{longitude} \times \text{production})/\text{Number of municipalities}$ .

We apologize for any inconvenience this may have caused.
