

**Supplementary Table 3. Questionnaire on views about telemedicine and clinical research for physician-investigators at the Internal Medicine and Clinical Immunology Department, CHU Lille, France**

<b>1. Have you heard of telemedicine?</b>						
<input type="radio"/> Yes <input type="radio"/> No						
<b>2. Have you been an investigator in a clinical research study?</b>						
<input type="radio"/> Yes <input type="radio"/> No						
<b>3. Have you included patients in a clinical research protocol?</b>						
<input type="radio"/> Yes <input type="radio"/> No						
<b>4. Have you conducted or participated in a patient visit in the context of a protocol?</b>						
<input type="radio"/> Yes <input type="radio"/> No						
<b>5. Do you think that having to visit the hospital more regularly would make patients more reluctant to take part in a clinical research protocol?</b>						
	1	2	3	4	5	
Strongly disagree	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	Strongly agree
<b>6. Do you think that a reduction in the number of on-site visits through the use of a telemedicine tool could increase the number of inclusions in a protocol?</b>						
	1	2	3	4	5	
Strongly disagree	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	Strongly agree
<b>7. If a clinical research study included the possibility of conducting some visits where the patient would stay at home and the physician stay in his/her office: Do you think this could be less time consuming for you?</b>						
	1	2	3	4	5	
Strongly disagree	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	Strongly agree
<b>8. If a clinical research study included the possibility of conducting some visits where the patient would stay at home and the physician stay in his/her office: Do you think this could be more convenient for the patient?</b>						
	1	2	3	4	5	
Strongly disagree	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	Strongly agree
<b>9. Do you think it could be dangerous for a patient included in a clinical research protocol to make some visits by teleconsultation?</b>						
	1	2	3	4	5	
Strongly disagree	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	Strongly agree
<b>10. Do you think telemedicine could improve patient management in clinical research?</b>						

	1	2	3	4	5	
Strongly disagree	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	Strongly agree
