Plants of Hong Kong

LILIACEAE (ASPARAGACEAE)

Hyacinthus orientalis L. 'Eros' 風信子 '厄洛斯'

Tuen Mun

Bulbous herb cultivated in the home of collector. Tunic leaves blackish purple. Basal leaves dark green, ca. 4 cm wide, almost double of the leaf of single-flower cultivars, with many purplish red dots at the base, apex strongly revolute. Perianth lobes many, pink, cerise when aged, with green midrib on both surfaces even aged. Androecium and gynoecium absent, expressed as perianth lobes. Scape green, also have many purplish red dots at the base. Bracteoles purplish white, wider than those of the single-flower cultivars. Fragrance is lighter than the single-flower cultivars. Product name "Hyacinthus 'Eros'" is shown on package. Imported from the Netherlands, bought from Mong Kok Flower Market.
