Deadline for manuscript submissions:
closed (31 January 2022)

Message from the Guest Editors

Dear Colleagues,

This Special Issue aims at bringing researchers from both academia and industry together to disseminate their recent advances related to the challenges and solutions in building trustful IoT.

Topics of interest include but are not limited to:

- Trust management in IoT;
- Modeling and simulation scenario of trustful IoT systems;
- Detection, evaluation, and prevention of trust attacks in IoT application;
- Trusted IoT application;
- Trust management method and technology for social IoT;
- Trusted architectures, algorithms, and protocols for IoT;
- Definition and assessment of trust level for IoT
- Interaction design for IoT;
- Real case studies of trust management in the IoT.

Dr. Michele Nitti
Guest Editor
Mr. Claudio Marche
Guest Editor Assistant
