Research on Blockchain Technology and Business Process Design

Guest Editor:

Dr. Luna Fu
CIS Department, California State University, Los Angeles, CA 90032, USA

Deadline for manuscript submissions:
28 February 2025

Message from the Guest Editor

Considering the emerging business prospects and inherent complexity of blockchain technology, we seek submissions of manuscripts with significant research contributions to "**Blockchain Technology and Business Process Design** " that investigate new applications, invent novel techniques, introduce advanced methodologies, propose promising research directions, and discuss approaches for unsolved issues.

The Special Issue welcomes topics that include, but are not limited to, the following:

- Blockchain for business process monitoring;
- Blockchain and IoT;
- Design and implementation of blockchain-based Business Process Management Systems;
- Modeling of blockchain-based business process;
- Model-driven engineering of smart contracts;
- Legal considerations on blockchain;
- Data management issues on the blockchain;
- Simulation of blockchain-based business process;
- Security and privacy issues on blockchain;
- BPM lifecycle support for blockchain-based process;
- Implementation challenges of blockchain-based system;
- Blockchain and public governance.

Special Issue

Editor-in-Chief

Prof. Dr. Isabel-María Garcia-Sanchez
Departamento de Administración y Economía de la Empresa, Universidad de Salamanca, 37007 Salamanca, Spain

Message from the Editor-in-Chief

Welcome to *Administrative Sciences*, the journal aims to advance and communicate knowledge concerning management theory and practice both in public administration and in profit organizations; it encourages submissions that build on interdisciplinary research in related fields, such as business, economics, political science, gender studies, psychology, sociology, physiology, communication theory or artificial intelligence and their implications on management, organizations and the society. Join us on a journey through the *Administrative Sciences*, where management merges with innovation.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, ESCI (Web of Science), RePEc, EconBiz, and other databases.
Journal Rank: JCR - Q2 (*Management*) / CiteScore - Q2 (*General Business, Management and Accounting*)
