Space Propulsion: Advances and Challenges (3rd Volume)

Guest Editor:

Prof. Dr. Kyun Ho Lee
Department of Aerospace
Engineering, Sejong University,
Seoul 143-741, Republic of Korea

Deadline for manuscript
submissions:
31 August 2025

Message from the Guest Editor

This Special Issue invites contributions relating to recent advances and challenges for space propulsion technologies. Submissions are welcome from a whole range of space propulsion topics, including, but not limited to:

- Concept, theory, and related science and engineering;
- Design, modeling, simulation, and analysis;
- Mission and application;
- Launch and flight/orbit operation;
- Experiment, test, and verification;
- Propellant (solid, liquid, gas, non-toxic, gelled, etc.);
- Thrust generation method and type (chemical, electric, hybrid, solar sail, nuclear, etc.);
- Hardware (material, part, component, equipment, assembly, and system) and software;
- Manufacturing, integration, and facility.

Message from the Editor-in-Chief

You are welcome to contribute a research article or a comprehensive review for consideration and publication in *Aerospace* (ISSN 2226-4310), an on-line, open access journal.

Aerospace adheres to rigorous peer-review as well as editorial processes and publishes high quality manuscripts that address both the fundamentals and applications of aeronautics and astronautics. Our goal is to enable rapid dissemination of high impact works to the scientific community.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, SCIE (Web of Science), Inspec, and other databases.
Journal Rank: JCR - Q2 (*Engineering, Aerospace*) / CiteScore - Q2 (*Aerospace Engineering*)
