Message from the Guest Editors

Dear Colleagues,

This Special Issue of *Agriculture* is being published with the aim of summarizing international experience in the field of agricultural insurance, risk management in agriculture and rural sustainable development. Within the framework of the Special Issue, scientific research aimed at solving a set of problems in the field of ensuring the development of agriculture will be presented, namely:

- Conducting agricultural production in risky conditions, the use of risk reduction tools and the development of agricultural insurance;
- The development of scientific and practical potential in order to formulate proposals for the introduction of science-intensive technologies in agriculture;
- Popularization of fundamental and applied research in the field of agriculture, animal science, zoology, agronomy, plant growing and soil science;
- Formation of recommendations aimed at improving computer models, information technology, engineering and innovative or digital technologies in agriculture.

an Open Access Journal by MDPI
