Message from the Guest Editors

Dear Colleagues,

This Special Issue examines recent advances in the analysis of energy efficiency in agriculture. The call for papers includes analyses in all research areas of agriculture, including animal husbandry and crop production in arable and permanent cropping systems (e.g., grassland, orchards, and vineyards) with respect to energy use in agriculture and energy efficiency. The submitted papers should follow a systems approach and analyze the energy efficiency for the whole production system. Partial analyses are also welcome. We welcome contributions of both reviews and original research.

Dr. Andreas Meyer-Aurich

Dr. Demetres Briassoulis

Dr. Fátima Baptista

Dr. Tommy Dalgaard

Message from the Editor-in-Chief

Agriculture (ISSN 2077-0472) is an international, crossdisciplinary and scholarly open access journal on the science and technology of crop and animal production, and management of the natural resource base for agricultural production. *Agriculture* is published in an open access format – research articles, reviews and other contents are released on the internet immediately after acceptance. The scientific community and the public have unlimited and free access to the content as soon as it is published.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubAg, AGRIS, RePEc, and other databases.

Journal Rank: JCR - Q1 (*Agronomy*) / CiteScore - Q2 (*Plant Science*)
