Message from the Guest Editors

Dear Colleagues,

This Special Issue examines recent advances in the analysis of energy efficiency in agriculture. The call for papers includes analyses in all research areas of agriculture, including animal husbandry and crop production in arable and permanent cropping systems (e.g., grassland, orchards, and vineyards) with respect to energy use in agriculture and energy efficiency. The submitted papers should follow a systems approach and analyze the energy efficiency for the whole production system. Partial analyses are also welcome. We welcome contributions of both reviews and original research.

Dr. Andreas Meyer-Aurich

Dr. Demetres Briassoulis

Dr. Fátima Baptista

Dr. Tommy Dalgaard

Message from the Editor-in-Chief

Agriculture (ISSN 2077-0472) is an international, scholarly and scientific open access journal publishing peer-reviewed research papers, review articles, communications and short notes that reflect the breadth and interdisciplinarity of agriculture.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), GEOBASE, PubAg, AGRIS, RePEc, and other databases.

Journal Rank: JCR - Q1 (Agronomy) / CiteScore - Q1 (Plant Science)
