

Advances in Fruit Pre-harvest and Postharvest Quality, Physiology and Technology—Volume II

Guest Editor:

Dr. Giorgia Liguori

Department of Agricultural, Food and Forest Sciences, University of Palermo, 90128 Palermo, Italy

Deadline for manuscript submissions:

15 September 2024

Message from the Guest Editor

Dear Colleagues,

The Special Issue is focused on recent research regarding advances in fruit preharvest and postharvest quality, physiology and technology. Manuscripts related to preharvest and postharvest sustainable treatment or processing will be appreciated (research articles and reviews are welcome).

Keywords

- fruit sustainable treatment and processing
- fruit preharvest and postharvest physiology
- fruit preharvest and postharvest technology
- fruit processing
- fruit handling
- fruit quality

Message from the Editor-in-Chief

Agronomy draws together researchers from diverse areas of agricultural research with a common aim of enhancing agricultural productivity globally. The journal provides unlimited free access to all those interested in advancing agricultural science from both the research and general community. Papers are released immediately after acceptance through the internet. *Agronomy* is supported by our authors and their institutes through low article processing charges (APC) for accepted papers. We hope you will support the journal by becoming one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubAg, AGRIS, and other databases.

Journal Rank: JCR - Q1 (Plant Sciences) / CiteScore - Q1 (Agronomy and Crop Science)
