

Reframing Futuristic Crop Production System

Guest Editors:

Dr. Anoop Kumar Srivastava

Prof. Dr. Qiang-Sheng Wu

Dr. Hassan Etesami

Dr. Ana Quiñones Oliver

Dr. Tripti Vashisth

Message from the Guest Editors

The present Special Issue invites researchers across disciplines working on developing innovative technologies in crop production which examine futuristic research and development requirements. Researchers whose field of research may lead to the development of a renewed crop production system can submit manuscripts for our active consideration.

Deadline for manuscript
submissions:

Message from the Editor-in-Chief

Agronomy draws together researchers from diverse areas of agricultural research with a common aim of enhancing agricultural productivity globally. The journal provides unlimited free access to all those interested in advancing agricultural science from both the research and general community. Papers are released immediately after acceptance through the internet. *Agronomy* is supported by our authors and their institutes through low article processing charges (APC) for accepted papers. We hope you will support the journal by becoming one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubAg, AGRIS, and other databases.

Journal Rank: JCR - Q1 (Plant Sciences) / CiteScore - Q1 (Agronomy and Crop Science)
