Message from the Guest Editors

Dear Colleagues,

This Special Issue will focus on “Traceability and Control in the Production and Quality of Value-Added Agricultural and Food Products”. We welcome novel research articles, reviews, and opinion pieces covering all related topics including new approaches to control food quality, quality schemes, cultivar identity, seed and plant production, food products, intellectual property rights, techniques for traceability, statistics, policies, and case studies from the land to the table.

Deadline for manuscript submissions:

closed (30 November 2021)

an Open Access Journal by MDPI

Message from the Editor-in-Chief

Agronomy draws together researchers from diverse areas of agricultural research with a common aim of enhancing agricultural productivity globally. The journal provides unlimited free access to all those interested in advancing agricultural science from both the research and general community. Papers are released immediately after acceptance through the internet. *Agronomy* is supported by our authors and their institutes through low article processing charges (APC) for accepted papers. We hope you will support the journal by becoming one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubAg, AGRIS, and other databases.

Journal Rank: JCR - Q1 (Plant Sciences) / CiteScore - Q1 (Agronomy and Crop Science)
