von-Guericke-University, P.O. Box  
4120, D-39016 Magdeburg,  
Germany

Deadline for manuscript  
submissions:

**closed (15 November 2021)**

### Message from the Guest Editor

Dear Colleagues,

I am pleased to announce a new *Algorithms* Special Issue that is quite different from our typical ones, which will mainly focus on either selected areas of research or special techniques. Being creative in many ways, with this Special Issue, *Algorithms* is compiling a collection of papers submitted exclusively by its Editorial Board Members (EBMs) covering different areas of algorithms and their applications. The main idea behind this issue is to turn the tables and allow our readers to be the judges of our board members.

Prof. Dr. Frank Werner  
*Guest Editor*

an Open Access Journal by MDPI

Germany

## Message from the Editor-in-Chief

Algorithms are the very core of Computer Science. The whole area has been considered from quite different perspectives, having led to the development of many sub-communities: Complexity theory (limitations), approximation or parameterized algorithms (types of problems), geometric algorithms (subject area), metaheuristics, algorithm engineering, medical imaging (applications), indicates the range of perspectives. Our journal welcomes submissions written from any of these perspectives, so that it may become a forum for exchange of ideas between the corresponding scientific subcommunities.

## Author Benefits

**Open Access :** free for readers, with **article processing charges (APC)** paid by authors or their institutions.

**High Visibility:** indexed within **Scopus**, **ESCI (Web of Science)**, **Ei Compendex**, and **other databases**.

**Journal Rank:** CiteScore - Q2 (*Numerical Analysis*)
