Deadline for manuscript submissions:

**closed (31 December 2021)**

### Message from the Guest Editors

Dear Colleagues,

It is our pleasure to announce the launch of a new *Algorithms* Special Issue on “Unmanned Aero-Vehicle Guidance and Control Algorithms and Application”. Some of the topics of interest in this Special Issue include:

1. Trajectory planning and guidance for UAV teamwork;
2. Vision guidance calculation and optimization;
3. Dynamic inversion application;
4. Intelligent algorithm studies for UAV guidance or control;
5. Any types of new power for testing or researching.

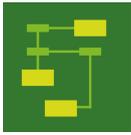

We look forward to receiving your contributions in the form of articles, reviews, etc.

Prof. Dr. Shu-Guang Zhang

Dr. Hongqiang Sun

*Guest Editors*

an Open Access Journal by MDPI

## Editor-in-Chief

Germany

## Message from the Editor-in-Chief

Algorithms are the very core of Computer Science. The whole area has been considered from quite different perspectives, having led to the development of many sub-communities: Complexity theory (limitations), approximation or parameterized algorithms (types of problems), geometric algorithms (subject area), metaheuristics, algorithm engineering, medical imaging (applications), indicates the range of perspectives. Our journal welcomes submissions written from any of these perspectives, so that it may become a forum for exchange of ideas between the corresponding scientific subcommunities.

## Author Benefits

**Open Access** : free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility**: indexed within Scopus, ESCI (Web of Science), Ei Compindex, and other databases.

**Journal Rank**: JCR - Q2 (*Computer Science, Theory and Methods*) / CiteScore - Q1 (Numerical Analysis)
