Message from the Guest Editors

Dear Colleagues,

Nowadays, in this era of global environmental crisis, animal nutrition must be transformed into a sustainable area of production. We would like to encourage leading scientists working on the topics of alternative protein sources, the circular economy, the reuse of resources, and environmentally friendly feed product processing, to submit papers.

We invite original research papers and reviews that address any aspect of the use of alternative proteins in animal nutrition relating to negative environmental footprint reduction and limitation of GMO products, as well as EU legislation and NGO opinions. Topics of special interest are the use of alternative proteins such as oilseeds, grain legumes, forage legumes, leaves, and aquatic and microbial peptides, as well as insects, with respect to nutritional aspects, i.e., nutrient quality, occurrence of anti-nutritional or toxic factors, inclusion levels, etc.; technical aspects, i.e., processing requirements, texture, seasonality, etc.; or animal production aspects, i.e., growth performance, physiology and immunology status, metabolic response, final product quality, health, etc.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

Animals is an on-line open access journal that was first published in 2011. *Animals* adheres to rigorous peerreview and editorial processes and publishes only high quality manuscripts that address important issues in the many varied disciplines that involve animals, with a focus on animal science, animal welfare and animal ethics. *Animals* is covered in the Science Citation Index Expanded (SCIE) in Web of Science, with the latest Impact Factor: 2.7 (2023, ranks 10/80 (Q1) in 'Agriculture, Dairy & Animal Science'; 16/167 (Q1) in 'Veterinary Sciences'), 5-Year Impact Factor: 3.0.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, PubAg, AGRIS, Animal Science Database, CAB Abstracts, and other databases.

Journal Rank: JCR - Q1 (Veterinary Sciences) / CiteScore - Q1 (General Veterinary)
