Deadline for manuscript  
submissions:

**closed (30 June 2019)**

### Message from the Guest Editor

Dear Colleagues,

Zoonotic disease transmission between domestic and wild animals and humans requires direct or indirect contact between animals and humans. The types of relationships between humans and animals, as well as human awareness of zoonotic disease risk, may impact the risk of transmission of zoonotic pathogens from animals to humans. These human–animal relationships take many forms, including pet ownership, livestock ownership, wildlife harvesting, wildlife conservation activities, tourism, and intended and unintended resource provisioning of wildlife. In this Special Issue, we invite the submission of articles that explore the wide variety of functional relationships, including disease awareness and attitudes, that humans have in relation to animal reservoirs of zoonotic diseases, and how these relationships impact disease risk assessments.

Keywords: human–animal relationships; zoonotic diseases; reservoir host; zoonotic disease transmission

Dr. Nicole Gottdenker

## Message from the Editor-in-Chief

*Animals* is an on-line open access journal that was first published in 2011. *Animals* adheres to rigorous peerreview and editorial processes and publishes only high quality manuscripts that address important issues in the many varied disciplines that involve animals, with a focus on animal science, animal welfare and animal ethics. *Animals* is covered in the Science Citation Index Expanded (SCIE) in Web of Science, with the latest Impact Factor: 3.0 (2022, ranks 12 /62 (Q1) in ‘Agriculture, Dairy & Animal Science’; 13/143 (Q1) in ‘Veterinary Sciences’), 5-Year Impact Factor: 3.2.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, PubAg, AGRIS, Animal Science Database, CAB Abstracts, and other databases.

**Journal Rank:** JCR - Q1 (Veterinary Sciences) / CiteScore - Q1 (General Veterinary)
