Message from the Guest Editors

The dynamic progress in poultry production aimed at acquiring meat and eggs has many challenges ahead. Recently, European policy has been setting trends in line with the Green Deal strategy. Intensive production must adapt its technology to new assumptions leading to the use of neutral, pro-environmental solutions. Simplicity and low cost for alternative additives to poultry feed and bedding is a priority for producers; however, they not only must be effective for production results, but should also support intestinal health, on which many aspects of the proper functioning of birds depend. From the consumers' point of view, the quality of the obtained products should meet the highest quality requirements.

The Special Issue “Research Progress in Poultry Production, Intestinal Health, and Product Quality” is aimed at publishing current achievements and scientific papers focused on these aims. We therefore invite you to participate in this issue and submit research papers, reviews and case reports.

Deadline for manuscript submissions:

closed (28 February 2023)

Message from the Editor-in-Chief

Animals is an on-line open access journal that was first published in 2011. *Animals* adheres to rigorous peerreview and editorial processes and publishes only high quality manuscripts that address important issues in the many varied disciplines that involve animals, with a focus on animal science, animal welfare and animal ethics. *Animals* is covered in the Science Citation Index Expanded (SCIE) in Web of Science, with the latest Impact Factor: 3.0 (2022, ranks 12 /62 (Q1) in ‘Agriculture, Dairy & Animal Science’; 13/143 (Q1) in ‘Veterinary Sciences’), 5-Year Impact Factor: 3.2.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, PubAg, AGRIS, Animal Science Database, CAB Abstracts, and other databases.

Journal Rank: JCR - Q1 (Veterinary Sciences) / CiteScore - Q1 (General Veterinary)
