Message from the Guest Editors

Dear Colleagues,

We are pleased to announce a Special Edition of the journal *Animals*, which endeavours to delve into the knowledge of the relationship between behavioural and physical factors in companion animals. In this Special Issue, we would like to extend an invitation to publish the latest research on the topic of integration of physical-behavioural health in dogs and cats, and we hope it will make a major contribution to knowledge and practice. Thanks to the sponsorship of Boehringer Ingelheim and Ceva, we are able to waive the normal article processing fee for two manuscripts accepted for publication; further papers will be included in the Special Issue in accordance with the normal terms and conditions of *Animals*.
