NADPH Oxidases (NOXs)

Guest Editor:

Prof. Dr. David W. Stepp

Vascular Biology Center, Medical
College of Georgia at Augusta
University, 1460 Laney Walker
Blvd, CB 3316, Augusta, GA 30909,
USA

Deadline for manuscript
submissions:

20 December 2024

Message from the Guest Editor

NADPH oxidases (NOXs) represent a group of enzymes with pivotal roles in various physiological and pathological processes. These enzymes play a crucial role in producing reactive oxygen species (ROS), serving as key regulators of redox signaling in diverse cellular contexts. Their involvement in various pathophysiological states, ranging from cardiovascular and pulmonary diseases to renal disorders, neuronal dysfunctions, and cancer, is becoming increasingly evident.

This Special Issue is dedicated to exploring the complex landscape of NADPH oxidases (NOX), shedding light on their structure, function, regulation, and involvement in health and disease. As the Guest Editor, we invite you to contribute a paper to this Special Issue. Both research articles and comprehensive reviews will be welcome.

Naples, Italy

Message from the Editor-in-Chief

It has been recognized in medical sciences that in order to prevent adverse effects of "oxidative stress" a balance exists between prooxidants and antioxidants in living systems. Imbalances are found in a variety of diseases and chronic health situations. Our journal *Antioxidants* serves as an authoritative source of information on current topics of research in the area of oxidative stress and antioxidant defense systems. The future is bright for antioxidant research and since 2012, *Antioxidants* has become a key forum for researchers to bring their findings to the forefront.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, FSTA, PubAg, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Chemistry, Medicinal) / CiteScore - Q1 (Food Science)
