## Natural Compounds from Plants with Antioxidant Properties

Guest Editor:

**Dr. Cecilia Faraloni**

Institute of BioEconomy, IBE,  
National Research Council,  
Rome, Italy

### Message from the Guest Editor

This Special Issue aims to contribute to the improvement of the knowledge on plants that are able to produce new antioxidant compounds, strategies and growth conditions that induce increments of these compounds, and techniques to extract and purify them, with possible application.

Deadline for manuscript  
submissions:

**closed (31 January 2022)**

Sciences, University of Naples  
"Federico II", Via Cintia 4, I-80126  
Naples, Italy

## Message from the Editor-in-Chief

It has been recognized in medical sciences that in order to prevent adverse effects of "oxidative stress" a balance exists between prooxidants and antioxidants in living systems. Imbalances are found in a variety of diseases and chronic health situations. Our journal *Antioxidants* serves as an authoritative source of information on current topics of research in the area of oxidative stress and antioxidant defense systems. The future is bright for antioxidant research and since 2012, *Antioxidants* has become a key forum for researchers to bring their findings to the forefront.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, FSTA, PubAg, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (Chemistry, Medicinal) / CiteScore - Q1 (Food Science)
