Interdisciplinary Centre of Marine
and Environmental Research,
University of Porto, Terminal de
Cruzeiros do Porto de Leixoes,
Av. General Norton de Matos, s/n,
4450–208 Porto, Portugal
2. Department of Biology, Faculty
of Sciences, University of Porto,
Rua do Campo Alegre, 4169-007
Porto, Portugal

Deadline for manuscript
submissions:

28 February 2025

Message from the Guest Editor

This Special Issue is a curated collection that brings together the latest research at the intersection of microbial evolution, genomics, and bioinformatics. This issue aims to provide a comprehensive overview of how advanced computational methods and genomic data are revolutionizing our understanding of microbial life and its evolutionary history. The key themes and topics covered in this Special Issue include, but are not limited to:

1. Microbiomes genomics;
2. Bacteria genomics diversity and evolution;
3. Virus genomics and evolution;
4. Microbial pathogenicity genomics;
5. Bioinformatics advances in microbial research;
6. Microbial-genome-encoded bioactive molecules.

Research articles and comprehensive reviews are also welcome.

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Ian Connerton

Division of Microbiology, Brewing and Biotechnology, University of Nottingham, Loughborough, Leicestershire LE12 5RD, UK

Message from the Editor-in-Chief

Applied Microbiology (ISSN 2673-8007) is a peer-reviewed open access journal that provides an advanced forum for the international community to report and discuss established and emerging applications for microorganisms and their associated technologies. Research articles, reviews, and other publications are released online immediately after acceptance to provide timely unlimited free access to the scientific community and the general public. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with **article processing charges (APC)** paid by authors or their institutions.

High Visibility: indexed within **Scopus**, **EBSCO**, and **other databases**.

Rapid Publication: manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.3 days after submission; acceptance to publication is undertaken in 3.6 days (median values for papers published in this journal in the first half of 2024).
