Deadline for manuscript  
submissions:

**closed (31 December 2022)**

### Message from the Guest Editor

Dear Colleagues,

This Special Issue is dedicated to the 10th Anniversary of the Faculty of Science of Toronto Metropolitan University, celebrating the significant growth in research funding and output, and by many outstanding graduates of our thriving programs in Physics, Computer Science, Mathematics, Chemistry and Biology.

This Special Issue aims to highlight fundamental, applied, and interdisciplinary research on the broad range of topics studied by the members and alumni of the Faculty of Science and their collaborators within the *Applied Sciences* journal scope. Both review articles and original research papers are welcome. The provided list of keywords outlines the current research themes of the Faculty of Science of TMU, but does not mean to limit the variety of contributions.

## Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Inspec, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
