

## Advances in Additive Manufacturing: Novel Technologies and Processes

Guest Editors:

**Dr. Harry Bikas**

**Dr. Alessandro Salmi**

**Prof. Dr. Eleonora Atzeni**

**Prof. Dr. Panagiotis  
Stavropoulos**

Deadline for manuscript  
submissions:

**20 January 2025**

### Message from the Guest Editors

We are pleased to invite you to submit your papers to this Special Issue, titled "Advances in Additive Manufacturing: Novel Technologies and Processes". Through this collection, we aim to gather cutting-edge research and comprehensive reviews that advance our understanding of the latest developments in AM, focusing on overcoming existing challenges and fostering innovations.

For this Special Issue, original research articles and reviews are welcome for submission. Research areas may include (but are not limited to) the following:

Innovative Additive Manufacturing Technologies  
Design Challenges in Additive Manufacturing  
Process Optimization and Control  
Materials for Additive Manufacturing  
Applications and Future Directions

The focus and goal of this Special Issue is to address the design-, process-, and material-related challenges of AM, proposing improvements related to these three pillars to enhance the wider industrial adoption of AM.

## Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Inspec, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
