

Personal Protective Equipment in Industrial Environment: New Trends and Prospects

Guest Editor:

Dr. Andrea Antonucci

DIEM—Department of Industrial,
Electrical and Mechanical
Engineering, University of Roma
Tre, Via Vito Volterra, 62, 00146
Rome, Italy

Deadline for manuscript
submissions:

20 January 2025

Message from the Guest Editor

This research topic aims to collect studies focusing on the properties of Personal protective equipment (PPE) in terms of efficacy, wearability, comfort, convenience, and ergonomics. We will consider studies involving measurements of performance, comparisons between different typologies of PPE, properties of materials, interactions between humans and PPE, and surveys regarding the wearability, discomfort, duration, and reliability of such equipment.

- personal protective equipment
- occupational health and safety
- hearing plugs
- protective masks
- safety harness
- antivibration gloves
- safety shoes
- protective glasses

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo
Dipartimento di Fisica,
Politecnico di Milano, Piazza L.
da Vinci 32, 20133 Milano, Italy

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
