Deadline for manuscript
submissions:

closed (31 July 2019)

Message from the Guest Editor

Dear Colleagues,

The Special Issue on hybrid air-conditioning systems is open to all contributors in the field of building technology for heating, ventilation and air conditioning, lighting, and hot-water supply in buildings. Hybrid air-conditioning systems are systems that couple air-conditioning systems with other systems for energy saving, thermal and visual comfort, and indoor air quality. We invite submissions of novel and original papers to this Special Issue.

Prof. Dr. Doosam Song

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
